- Wildflower walk in Fremont, July 3

New business:

Evy: Notes on drinking water webinar:

FORECO timber sale proposal (attached)

contacted Ron K. re: map without overlays, have not heard back

*Additional properties we may need to monitor, or receive reports regarding:

- see: letters from Barbara Richter, Debbie Goard
- Evy looked through book of conserved properties and found approximately 15 properties in need of monitoring, or that we should be receiving monitoring reports of from easement holders. Next month Evy will list the properties and contact easement holders, and we will begin to monitor properties by accessibility and priority.

Old Business and Bucket List:

Shaw and Allison: grants for trail work

Manuel cartop put-in site walk date? Info from Ron

*Granit update:

- in May I asked for volunteers for this, no one stepped forward and I have not had time to do it.
