

## **Article 1304: WELL PROTECTION AND PLACEMENT**

(Adopted 07/21/1995)

### **1304.1 DEFINITIONS:**

- A.** A well shall mean any hole or pipe sunk into the earth to obtain a fluid, such as water.
- B.** No well installed after July 21, 1995 shall be located within:
  - 1. 100 feet of any leach field and/or septic tank.
  - 2. 100 feet of any surface waters.
  - 3. 25 feet of any drainage culverts.
  - 4. 20 feet of any right-of-way and/or driveway.
- C.** No well installed after July 21, 1995 shall be located closer to property lines than permitted by State regulation.
- D.** No animals shall be penned or tied within a 100 foot protective radius of any well.
- E.** No well shall be located in any area subject to flooding unless the immediate (15 foot radius) vicinity is built up.
- F.** All wells must be installed by a person licensed under RSA 489-B by the State of New Hampshire Water Well Board.
- G.** The requirements of the foregoing regulations may be waived or reduced when, in the opinion of the Health Officer, specific circumstances indicate that such modification will properly carry out the purpose and intent of these regulations.
