Recycling is now easier and more efficient! **NO SORTING IS NECESSARY.** All materials previously collected glass bottles and jars, plastic bottles, aluminum and tin cans, cardboard boxes, white and colored paper, newspaper and magazines & junk mail all go in the same container. You no longer have to spend time sorting your recyclable materials into separate bins. Material should be prepared in the same manner, cardboard and boxes broken down and containers rinsed clean, caps removed. Plastic and aluminum containers may be crushed to save space.
