# Envision Kingston II

June 3-4, 2016

A Community Design Charrette  
Facilitated by:

**Kingston Village has some of the finest examples of historic architecture around!**

## **What is Envision Kingston II?**

With leadership from the Kingston Heritage Commission, the Town of Kingston and the Sanborn Regional School District have been awarded a community design Charrette from Plan NH. This facilitated, public event will bring together a team of Plan NH professionals with residents, civic groups, businesses and town leaders for an exchange of ideas on what we would like the historic Village area of Kingston to look like in the future; physically and functionally.

## **How can this help our community?**

It brings people together to explore and discover the values and vision of our community. In addition, it will look at our community's role in the region, the forces of change that are affecting it, and more. The Plan NH team, based on what they see and hear during the Charrette, will develop recommendations to achieve the vision and reflect the values and thoughts which were revealed during the event. These recommendations can then be used by the Town going forward.

## **Who is Plan NH?**

Plan NH is a non-profit organization consisting of architects, engineers, planners, contractors, municipalities and others with an interest in the impact of the built environment on the fabric of the community. They provide information and inspiration to plan, design, and/or develop beloved NH towns and neighborhoods for a healthy and vibrant 21<sup>st</sup> century.
