MAP DATA SOURCES

Transit Routes consist of all roads with regularly scheduled bus services and railroads with passenger service. These routes were mapped by RPC, which makes no claim to their completeness or accuracy.

Park & Ride Locations were mapped by RPC.

Traffic Count Locations were mapped by NHDOT and RPC over our standard base map. Traffic Counts were collected by NHDOT and RPC. Traffic count locations are labeled on this map by a unique 'Site Code' value. For traffic count information refer to the RPC Traffic Count Database, available separately.

Base Features
Base features (transportation, political and hydrographic) were automated from the USGS Digital Line Graph data, 1:24,000, as archived in the GRANIT database at Complex Systems Research Center, Institute for the study of Earth, Oceans and Space, University of New Hampshire, Durham, NH, 1992-1999. The roads within the Rockingham Planning Region have been updated by Rockingham Planning Commission and by NH Department of Transportation through ongoing efforts.

NOTE: Base features for areas surrounding the Rockingham Region may be shown on this map. These features were automated from USGS 1:100,000 scale digital data sources. This information was provided for reference only. RPC makes no claim to its completeness or accuracy.
