

Town of Kingston, NH

Fire Station Building Committee

Minutes

Meeting of February 13, 2019, 6:00 pm

Kingston Fire Station

1. Call to Order @6:01 Muriel Ingalls, Chuck Hart, William Sullivan, Bill Seaman, Kent Walker, Brian Gallant, Mark Furlong, Kevin St.James, Evelyn Nathan. Absent was Rich St.Hilaire, Andrew Berridge and Bill Bixby.

2. Old Business a. Approve Minutes from January 30, 2019 tabled due to the minutes not getting them done.

b. Review of Deliberative Session: Went well, Muriel Ingalls said she has heard a lot of good feed back. Bill Seaman said it went well with no questions.

c. Review of Open House: Great job by the auxiliary and Fire Association. The neighbor was happy overall, a little upset that the building was going away but understood that it was not usable. Some people thought the movie presentation was too fast. Evelyn Nathan stated most comments have been positive.

Bill Seaman spoke about the water & PFOA's The fire station has a filter so the water at the station is drinkable. The floor drain is a different issue. There is some contamination, Stantech who is under contract with the town stated that digging up the drains will not effect or change the contamination. The soil will be dug up and taken off sight. The PFOA's are in the water and digging will not change this contamination. If people have further questions they can call the NHDES. 4 Rockrimmon Rd was tested this last go round with the results not yet in. Evelyn Nathan asked why we can't filter the plains? The selectman felt that for the two times a year putting up a shed to house the filter was not in the best interest of the town. The last testing showed the level of PFOA levels at the station went from 72 parts per trillion to 21 parts per trillion prior to the filter. Mark asked if we could get something in writing to give to the neighbors about the water.

Bill Seaman & Kent Walker will work on some pamphlets to hand out on election day.

3. New Business a. Public Outreach

4. Agenda Items for Next Meeting: Any last minute details before voting

5. Set next meeting date

Wednesday March 6, 2019 @ 6pm
