

Minutes from Solar Project Committee meeting 6/8/22
submitted by Elsa Voelcker 6/14/22

Attendance : Presiding: Rick Russman, Ellie Alessio, Elsa Voelcker, Dan Doyle, Allison Miller
Also in attendance : Matt Angel from Sanborn Regional School District

Minutes of 5/26/22 Ellie moved to accept the minutes and Allison seconded the motion
passes

Reason for the meeting was to discuss the 3 RFQs we received from:

Revision, Kingston,NH
Green Lantern – Waterbury, VT
Barrington Power, Barrington,NH

It was agreed by those present that Barrington was eliminated as not enough experience

2 members leaned slightly towards Green Lantern so it was decided to ask both Revision and Green Lantern to come before our committee to present to us separately 1 at 7:15 and the other at 8PM at our next meeting.

Possible questions were posed and all were asked to forward Rick 4 or 6 questions which he would formulate and propose to them to answer in their presentation.

Possibilities:

1.Where does your supply chain come from? Asia, China, Europe, US
Are supply chain issues going to be a problem for completion of our project?

2.Why are you the right person for the job?

3.What would be your biggest Hurdle? Inflation or supply chain?

4.If we pick you how long would it take to get our project going?

5. Landfill pros and cons

6. If the school replace all their lighting to LED in the next year it might lower our draw by 1/3rd.
How would this impact our project?

Next meeting Thursday June 23rd, 7PM Sanbourne High School
Meeting adjourned 7:50 PM
