February 28, 2024

To the Residents of Towle Road:

As many of you are aware, there will be a solar panel field built on the end of Towle Road. As part of this project, a construction entrance has been built to allow larger trucks and equipment to access the site. At the completion of the project, this will be the new intersection with Mill Road and the old one will be decommissioned. This will be done at no cost to the Town and will improve the sight distance when exiting Towle Road as well as improve the flooding issues with the current intersection. It is anticipated that the work will be completed in the beginning of August.

If you have any questions, please feel free to call us at 603.642.8042 or email highway@kingstonnh.org. You can sign up for email updates on the "Subscribe to News" link- click Public Works- on the town website www.kingstonnh.org.
