ADDITIONAL ARCHITECTURAL AND STRUCTURAL DESCRIPTION:

The Mayhew House is a 2-story, Bungalow style structure which has had its architectural integrity altered by the addition of a second story (c.1979). The entrance is sheltered by a 1-story, hip-roofed, enclosed porch, located on the front facade. The porch has exposed rafters, wood shingle siding, six-over-one windows, and a new multi-light door.

The first story of the main block has the same windows as the porch. The second story is a new addition with one-over-one windows and a low-pitched gable-roof with a boxed cornice on the lateral eaves and close raking eaves. The main block is supported by a rusticated granite block foundation.

A 1-story, hip-roofed, enclosed porch is located on the northeast elevation. The 1-story, gable-roofed ell has exposed rafters, wood shingle siding, new three-over-three windows, and a concrete block foundation.

RELATED STRUCTURES AND CONTEXT: A separate 1-story, gable-roofed shed is located to the northeast of the main block. It has wood shingle siding, fixed 12 pane windows, and a fieldstone foundation. A 1-story, gable-roofed garage is located to the east of the main block.

BOUNDARY AND ACREAGE DESCRIPTION: 6.1 acres bounded to the N-Newton, NH. S-Newton Junction Road, W-Barren, S-Gosborne.
