ADDITIONAL ARCHITECTURAL AND STRUCTURAL DESCRIPTION:

The Quigley house is a 1½ story Cape built in the Federal style. The center entry has a recent 4 panelled door with four lights arranged in a semi-circle. Flanking the door are pilasters which rise to meet a panelled, recessed transom. All of the windows have two over one sash and are framed with architrave trim. There are two smaller windows in each gable. A 2 bay, gable roofed dormer is located on the north elevation. The medium-pitched roof is topped by a large, central, corbel-capped chimney and the eaves treatment consists of close raking eaves and a molded boxed cornice on the lateral eaves. The structure is supported by a stone foundation above which is a wooden water table. On the north elevation is a 1 story, shed roofed open porch.

RELATED STRUCTURES AND CONTEXT:

A 1 story, gable roofed garage is located to the northeast of the house.

STATEMENT OF SIGNIFICANCE (Evaluation & Historical Associations):

The W. Abrahams House is a fine example of a cape built in the Federal style. It relates to Sites 112 and 113 which are strikingly similar. These three structures may have been built by the same builder.
