#### ADDITIONAL ARCHITECTURAL AND STRUCTURAL DESCRIPTION:

The Tuttle house is a 2½ story, 5 bay, Federal style structure which has been altered through later remodeling, including the addition of asbestos shingle siding. The center entry has a 2 panelled (victorian era) door with two lights which is surmounted by a gable roofed doorhood supported by heavy brackets with ornamental drop pendants. All of the windows have six over six sash framed by architrave trim. The medium pitch roof is topped by a narrow, corbel capped chimney and the eaves treatment consists of a boxed cornice with a narrow frieze and gable end returns. The house rests on a fieldstone foundation. A 1½ story, gable roofed ell projects to the southeast. To the southwest is a 1 story gable roofed wing.

#### RELATED STRUCTURES AND CONTEXT:

To the east of the house is a separate garage and to the east of the garage is a 2 story shed.

BOUNDARY AND ACREAGE DESCRIPTION: .8 Acres. Bounded to the N. by Exeter Road, Great Hill Terrace, S. by Eastman, E. by Simpson, W. by Exeter Road, and Eastman.

#### STATEMENT OF SIGNIFICANCE (Evaluation & Historical Associations):

The G. Bragdon House is an example of a Federal I-house (5x1 bays), a style popular in the countryside in the early 19th century.
