

# KINGSTON, NEW HAMPSHIRE

## 2010 Town Report

## DEDICATION

The Board of Selectmen dedicates the 2010 Town Report in recognition of Norman R. Hurley.

Norm moved to Kingston in 1982. He joined the Kingston Fire Department in 1985 and served as Firefighter, Emergency Medical Technician (Intermediate), Fire Ward (for 5½ years), Fire Chief (from 1992-2005), and Emergency Management Director (from 2000-2010). He also ran a business in town from 1982 until 2000. He was often known to leave his business to respond to fire and ambulance calls, to attend to Fire Department business, or to participate in meetings.

Simultaneous with his 28 years of service to Kingston, Norm served as the first volunteer Fire Chief to be elected president of the N. H. Association of Fire Chiefs, in 2004. He also served for many years on the Legislative Committee of the Association.

Norm campaigned for the development and implementation of a full-time, career Fire Department, and put forth a plan to hire the first full-time Chief in 2005. He also was instrumental in rewriting and implementing the Kingston Fire Department By-laws. He recognized the need for a long-range plan for the upgrading of apparatus and replacement of equipment, and wrote the plan that continues to serve the department today. He also developed the continuing training program that department personnel follow, leading the department into the next decade. Other departments frequently requested Norm's expertise, particularly in the area of interviewing and hiring firefighter and EMT personnel in surrounding communities.

Outside of the Fire Department, Norm served Kingston on its Budget Committee for 3 years, on its Planning Board from 2006 to 2010 (serving as Chairman from 2009-2010), on the Search Committee for the School District's Superintendent, and on the Strategic Planning committees for the School District. He was an active member of the community group that worked toward the new high school project, and was a key member of the Envision Kingston Project.

Norm served on many political campaigns for local positions and assisted town committees whenever asked. He has been a strong voice at Town Meetings and never failed to express his opinion of what he believed to be in the best interest of the Town of Kingston.

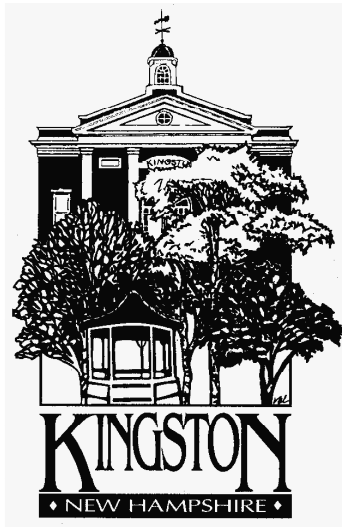

Norm has re-located his family to Hampton. Their gain is our loss, although we know that he will continue to be a friend to Kingston and we will continue to benefit from the work he accomplished and the progress he achieved.

Thank you, Norm, for giving so much of yourself to our community.

## MINUTES OF THE DELIBERATIVE SESSION FEBRUARY 2, 2010

The meeting was called to order at 7:00 pm at the Town Hall by the Moderator, Electra L. Alessio. She introduced the Selectmen: Mark A. Heitz, Chairman Charles A. Hart, and Peter V. Broderick. She also introduced Bettie C. Ouellette, Town Clerk-Tax Collector, as well as the following Budget Committee members: Chairman Lynn Gainty, Secretary Carla Crane, Edward Conant, Sandra Seaman, Wanda Millett, Keith Dias, Debra Powers, Mary Fidler, Marilyn Bartlett, Vice Chairman Ronald Conant and Ellen Faulconer. Budget Committee member Gary Finerty was absent. Larry Middlemiss and Rachel Senter televised the meeting.

The Moderator welcomed everyone and led the Pledge of Allegiance to our Flag. She explained that this was the first session of the Annual Town Meeting, and that voting will take place on March 9<sup>th</sup>, with the polls open from 8:00 am to 8:00 pm at the Swasey Gymnasium, at the Old High School at 178 Main Street. Corrected location from the warrant posting. Copies of the articles and budget were available for the people.

No action was taken on Article 1 (election of Town Officers), or on Articles 2 through 6 (Zoning questions on which the Planning Board had previously held Public Hearings).

**Article 7:** To see if the Town will vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling \$ 4,446,831.00. Should this article be defeated, the default budget shall be \$ 4,443,179.00, which is the same as last year, with certain adjustments required by previous action of the Town or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI to take up the issue of a revised operating budget only. This operating budget warrant article does not include appropriations contained in any other warrant articles.

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Budget Committee Chairman Lynn Gainty provided an overview and line item review of the proposal, noting an overall increase of .9%. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 8:** Shall the Town authorize the Tax Collector to allow a 1½% deduction from Property Tax when payment is made within 30 days of billing?

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. There being no discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 9:** Shall the Town vote to authorize the Board of Selectmen, pursuant to N. H. RSA Chapter 38, to establish a municipal water utility, to accept future dedications of water utility infrastructure, plant and property which the Selectmen judge to be suitable for establishing a municipal water utility, with the further understanding that any agreement to accept or acquire such plant or infrastructure shall either be paid for from monies appropriated for general government purposes, or alternately, in the Selectmen's discretion, any agreement to acquire or a determination of acquisition price shall be presented to a future Kingston Town Meeting for approval and ratification prior to final acquisition of water utility property? A two-thirds affirmative vote is required for passage of this article.

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Selectman Mark Heitz, Planning Board Chairman Norman Hurley, and Road Agent Richard St. Hilaire spoke in support of the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 10:** Shall the Town vote to raise and appropriate the sum of \$50,000.00 to be placed in the previously approved Town Buildings Maintenance and Repairs Capital Reserve Fund?

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Road Agent Richard St. Hilaire and Selectman Mark Heitz spoke in support of the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 11:** Shall the Town vote to raise and appropriate the sum of \$50,000.00 to be placed in the previously approved Highway Department Equipment Replacement Capital Reserve Fund?

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Road Agent Richard St. Hilaire and Budget Committee member Ellen Faulconer spoke in support of the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 12:** Shall the Town vote to discontinue the following Expendable Trust Funds, the full balances of which were expended during prior years for the purposes set forth in the original articles by which the funds were established, or

were transferred by vote of Town Meeting to other funds, or were renamed and are reported under another fund name: The Police Cruiser Expendable Trust Fund established in 1983; the Police Station Expendable Trust Fund established in 1985; the Traffic Lights Expendable Trust Fund (year of establishment not known); and the Animal Fund Expendable Trust Fund established in 1990?

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Selectman Peter Broderick explained the purpose of the article, and of Article 13, to be a request from the state Department of Revenue Administration to clear some funds that have been depleted, transferred or renamed and no longer should be carried as active funds. Trustee of the Trust Funds Bradley Maxwell requested that "the Traffic Lights Expendable Trust Fund (year of establishment not known)" be stricken from the text, as he believes there still is money in that fund. The Moderator suggested that Article 12 be passed over until it can be determined whether or not the fund is still active.

**Article 13:** Shall the Town vote to discontinue the following Capital Reserve Funds, the full balances of which were expended during prior years for the purposes set forth in the original articles, or were transferred by vote of Town Meeting to other funds: The Dump Closure Capital Reserve Fund established in 1987; and the Landfill Closing Capital Reserve Fund established in 1989?

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. There being no discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 14:** Shall the Town vote to raise and appropriate the sum of \$80,000.00 to be added to the Fire Department Building Replacement, Upgrade and Refurbishment Capital Reserve Fund?

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Selectman Charles Hart spoke in support of the article, noting that it had been placed on the Warrant by the Board of Selectmen. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 15:** On petition of the Kingston Fire Wards, Kingston Fire Chief and 31 registered voters, to see if the Town will vote to raise and appropriate the sum of \$85,000 to be placed in the previously established Fire Department Capital Reserve Fund for Apparatus Replacement. If Article 16 passes, this article is null and void.

RECOMMENDED BY THE BOARD OF SELECTMEN

RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Fire Ward Kevin Schea requested that consideration of the article be delayed until after consideration of Article 16.

**Article 16:** On petition of the Kingston Fire Wards, Kingston Fire Chief and 34 registered voters, to see if the Town will vote to adopt the provisions of RSA 31:95-c to restrict 100% of resident ambulance revenues to expenditures for the purpose of replacement of fire department apparatus and equipment. Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the Fire Department Apparatus and Equipment fund, separate from the general fund. Any surplus in said fund shall not be deemed part of the general fund accumulated surplus and shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of revenue. The passage of this article will nullify Article #15.

NOT RECOMMENDED BY THE BOARD OF SELECTMEN  
NOT RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Fire Ward Kevin Schea spoke in support of the article, noting that he and the Fire Department support this article over Article 15. Fire Ward John Merrill, Fire Chief Bill Seaman, Firefighter William Timmons, and Emergency Management Director Norman Hurley spoke in support of the article. Selectman Mark Heitz and Budget Committee member Ellen Faulconer spoke in opposition to the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

The moderator then returned to consideration of Article 15. Fire Ward Kevin Schea spoke about the Fire Department's reasons for supporting Article 16 over Article 15, but asked that one or the other be supported. Budget Committee member Debra Powers and Selectman Mark Heitz spoke in support of the article. There being no further discussion, the Moderator declared that Article 15 will move forward to the ballot as printed.

The Moderator then returned to consideration of Article 12. Budget Committee Chairman Lynn Gainty moved that, "the Traffic Lights Expendable Trust Fund (year of establishment not known)" be stricken from the text. The motion was seconded and the amendment passed by voice vote. The Moderator declared that Article 12 will move forward to the ballot as amended.

**Article 17:** On petition of the Kingston Fire Wards, Kingston Fire chief and 38 registered voters, to see if the Town will vote to raise and appropriate the sum of \$38,000 and to authorize the hiring of a full-time Firefighter/Emergency Medical Technician (preferably a Paramedic) for the Town of Kingston. This appropriation is for salary and benefits for 6 months. If approved, this position will become part of the operating budget in ensuing years.

NOT RECOMMENDED BY THE BOARD OF SELECTMEN  
NOT RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Fire Chief Bill Seaman spoke in support of the article. Selectman Mark Heitz spoke in opposition to the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 18:** On petition of the Kingston Fire Wards, Kingston Fire chief and 31 registered voters, to see if the Town will vote to raise and appropriate the sum of \$35,000 for the purpose of hiring an architectural firm to create conceptual design options and pricing for an addition to the central Fire Station located on Main Street. This would include a 45 x 90 foot addition with apparatus bays, storage, administrative offices, training spaces, Emergency Operations Center, and common areas, and to authorize the withdrawal of said \$35,000 from the Fire Department's Building Replacement, Upgrade and Refurbishment Capital Reserve Fund with a current balance of approximately \$309,000 created for such purpose.

NOT RECOMMENDED BY THE BOARD OF SELECTMEN  
NOT RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Fire Ward John Merrill moved to amend the article to strike, "\$35,000 for the purpose of hiring an architectural firm to create conceptual design options", and to replace it with, "\$9,500 for drawings". The motion was seconded by Dannielle Genovese. Budget Committee member Ellen Faulconer moved that the amendment be amended to read, "\$9,500 for conceptual drawings". The motion was seconded by John Merrill. Selectman Charles Hart noted that, with the passage of the proposed amendments, the Board of Selectmen will change their "Not Recommended" position on the article to "Recommended". (Note: Following the deliberative session, the Budget Committee also voted to change their "Not Recommended" position on the article to "Recommended".) The Moderator called for a voice vote on the amendments. The amendments passed. A motion by Herbert Noyes to strike, "45 x 90 foot" was seconded by Norman Hurley. The Moderator called for a voice vote on the amendment. The amendment passed. The Moderator read aloud the amended article:

"On petition of the Kingston Fire Wards, Kingston Fire chief and 31 registered voters, to see if the Town will vote to raise and appropriate the sum of \$9,500 for conceptual drawings and pricing for an addition to the central Fire Station located on Main Street. This would include an addition with apparatus bays, storage, administrative offices, training spaces, Emergency Operations Center, and common areas, and to authorize the withdrawal of said \$9,500 from the Fire Department's Building Replacement, Upgrade and Refurbishment Capital Reserve Fund with a current balance of approximately \$309,000 created for such purpose."

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

There being no further discussion, the Moderator declared that the article will move forward to the ballot as amended.

**Article 19:** On petition of 26 registered voters, to see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the purpose of a fireworks display during the Kingston Days 2010 celebration.

RECOMMENDED BY THE BOARD OF SELECTMEN  
NOT RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Roger Clark spoke in support of the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 20:** To see if the Town will vote to raise and appropriate the amount of \$45,000.00 for the purpose of repairing and renovating the former YWCA land and buildings and building equipment located at 24 Main Street in Kingston (Tax Map U5, Lot 62) for use as a community recreation facility, and authorize withdrawal and expenditure of that amount from the previously approved Recreation Capital Reserve Fund.

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Roger Clark, Selectman Peter Broderick, and Budget Committee member Debra Powers spoke in support of the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 21:** On petition of 48 registered voters, shall the Town vote to raise and appropriate the sum of \$40,000.00 to be added to the existing Nichols Memorial Library Capital Reserve Fund for future Library construction and name the Nichols Memorial Library Board of Trustees and the Kingston Board of Selectmen as agents to expend?

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Library Director Sarah Sycz spoke in support of the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 22:** On petition of 39 registered voters, to see if the Town of Kingston will vote to raise and appropriate the sum of \$28,000 to be placed in the Land Acquisition Capital Reserve Fund for the future purchase of development rights, conservation easements and other land acquisition to stabilize the tax base, maintain large tracts of land as such, and to help ensure that the development of additional large multi-house subdivisions do not have significant impact on taxes for town services such as education, fire, and police.

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Richard Russman spoke in support of the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 23:** On petition of 25 registered voters, to see if the Town will vote to raise and appropriate the amount of \$2,380.00 to support Rockingham Nutrition & Meals on Wheels Program's service providing meals for older, homebound and disabled Kingston residents in the Town's 2010 Budget.

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Roger Clark spoke in support of the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 24:** On petition of 46 registered voters, and submitted by the Kingston Lake Association, Inc., through a majority vote, to see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) for the purpose of conducting courtesy inspections of boats using the boat launches on Main Street, on Kingston Lake, to remove fragments of exotic invasive aquatic species and to educate the public on how to prevent the spread of exotic species from waterbody to waterbody. This would provide a Lake Host with ten hours a week for ten weeks to conduct inspections and educate boaters, from Memorial Day to Labor Day, 2010, thereby minimizing the potential for an infestation of an exotic species, such as variable milfoil, that could make recreation on Kingston Lake dangerous, disrupt the ecological balance of the lake, reduce the value of shoreline properties and would be expensive to control and difficult to eliminate.

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Lawrence Smith and Chairman of YMCA Camp Lincoln, Lynn Gainty, spoke in support of the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 25:** On petition of 39 registered voters, to see if the Town of Kingston will vote to designate the Class VI portion of Tucker Road as a Class A Trail as authorized by RSA 231-A; beginning at the northern end of Tax Map R33, Lot 31 and continuing northerly along Tucker Road to the south end of Tax Map R32, Lot 12. Passing this warrant article would enhance efforts by the town to apply for funding for such things as bridge repair, through the "Recreational Trail" and "Grant in Aid" funding programs available from the N. H. Bureau of Trails, as well as through programs of other public and private sources.

RECOMMENDED BY THE BOARD OF SELECTMEN  
RECOMMENDED BY THE BUDGET COMMITTEE

The question was moved and seconded. Richard Russman spoke in support of the article. There being no further discussion, the Moderator declared that the article will move forward to the ballot as printed.

**Article 26:** On petition of 26 registered voters, to see if the Town will vote to approve the following resolution to be forwarded to our State Representatives, State Senator, the Speaker of the House, and the Senate President. Resolved: The citizens of New Hampshire should be allowed to vote on an amendment to the New Hampshire Constitution that defines "marriage".

The question was moved and seconded. The Moderator declared that the article will move forward to the ballot as printed.

**Article 27:** To transact any other business that may legally come before the meeting.

The Moderator thanked those present and expressed her appreciation to Larry Middlemiss for his televising of the meeting. She declared the meeting adjourned at 8:34 pm.

Respectfully submitted,

*Bettie C. Ouellette*

**ARTICLE 2:** The voters adopted Amendment Number 2 to the existing Town of Kingston Zoning Ordinance as proposed by the Kingston Planning Board as follows:

Amend Article 303, Sign Ordinance by adding:

**5. Rules for Sign Removal:**

- a. All businesses must remove its sign within ninety (90) days of closing.
- b. All business signs must be "blanked-out" within ninety (90) days

of closing by owner of property; standard or post need not be removed.

- c. In a residential setting, sign must be removed at once upon closing of business.
- d. In a non-conforming setting, a sign must be removed within ninety (90) days of closing, and the standard or platform must be removed within one year of closing of business.
- e. All of the above are based on the sign and stand, platform or standard being in good, safe condition, not posing a safety issue with the public.

**ARTICLE 3:** The voters adopted Amendment Number 3 to the existing Town of Kingston Zoning Ordinance as proposed by the Kingston Planning Board as follows:

To amend the Historic District I regulations to provide consistent zoning along both sides of the "Plains" by removing the following lots from the Single Family Residential Zone, Article 103.1:

Tax Map U-9, Lots 3,4,5,6,12,13,40

Tax Map U-10, Lots 8 and 9

Tax Map U-11, Lots 1 through 12

YES 615\* NO 428

**ARTICLE 4:** The voters adopted Amendment Number 4 to the existing Town of Kingston Zoning Ordinance as proposed by the Kingston Planning Board as follows:

Amend Article 108, Commercial Zone I, by adding the following:

108.5 **PERMITTED USES:** The following are permitted:

K. Multi-family Workforce Housing

**108.6 PROHIBITED USES:**

A. Residential Construction with the exception of Multi-family Workforce Housing.

108.7 **Conditional Use Permits.** The Planning Board may grant a Conditional Use Permit for the construction of multi-family workforce housing in accordance with the requirements outlined herein.

**108.7.1 Purpose.** The purpose of the Multi-Family Dwelling conditional use permit is to allow for multi-family housing in appropriate locations in Kingston in order to comply with the requirements of RSA 674:59.

**108.7.2 Conditional Use Permit Required.** Within the C-I District multi-family dwellings and multi-family developments require a Conditional Use Permit from the Planning Board. The Planning Board may approve a Conditional Use Permit which complies with the requirements of this section and the requirements of the Planning Board's subdivision and site plan review regulations. Applications for a Conditional Use Permit shall be submitted to the Planning Board and reviewed in accordance with the Planning Board's procedural requirements for subdivision review if applicable site plan review.

**108.7.3 Requirements for Multi-Family Dwellings and Development**

- A. **Location.** Multi-family dwellings may be located in the C-I Commercial Zone.
- B. **Parcel Size.** The minimum parcel size shall be 10 acres, which may include wetlands.
- C. **Frontage.** A multi-family dwelling or a multi-family development shall have a minimum contiguous frontage on a town road or street of 150 feet.
- D. **Number of Dwelling Units.** A multi-family dwelling shall not have more than 8 dwelling units. A multi-family development shall not have more than 40 dwelling units.
- E. **Density.** The density of a multi-family development shall not be greater than four (4) dwelling units per contiguous upland acre located in Kingston. No single contiguous area of uplands on a parcel shall have a density greater than four (4) dwelling units per acre. The density is the maximum allowed, and it may be reduced by the planning board if the characteristics of the site; or the configuration of the site plan; or the relationship of the development proposal to its environs so warrant.
- F. **Workforce Housing.** Not more than 50% of the dwelling units in a multi-family dwelling shall be workforce housing as defined by RSA 674:58, II and IV. The Planning Board shall enact such regulations as are necessary to administer this requirement to assure the continued compliance with it.
- G. **Building Spacing.** All buildings, including parking structures and accessory buildings, shall be separated by at least 25 feet.
- H. **Parking.** Site plans shall include adequate parking, as determined by the Planning Board
- I. **Building Height.** The building height will be a maximum of 35 (thirty-five) feet.

**108.7.4 Determinations Required for Conditional Use Permit Approval.** Prior to approving a Conditional Use Permit, the Planning Board shall determine, by a vote on the record, that the multi-family dwelling or multi-family development meets each of the following standards:

- 1. The granting of the Conditional Use Permit will not be detrimental to adjacent property or the neighborhood.

2. The granting of the Conditional Use Permit will not be detrimental to the public safety, health or welfare.
3. The granting of the Conditional Use Permit will not be contrary to the public interest.

**108.7.6. Conditions.** In approving a Conditional Use Permit, the Planning Board may attach such conditions to its approval as it deems necessary to further the objectives of this section, the Zoning Ordinance and the public health, safety and general welfare.

**108.7.7 Conflicts.** Where the provisions of this section conflict directly with another requirement of the Zoning Ordinance or a requirement of the Planning Board's subdivision or site plan review regulations, the provisions of this section shall govern. Otherwise, all other requirements of the Zoning Ordinance and the Planning Board's subdivision and site plan review regulations shall apply to multi-family dwellings and multi-family developments.

**108.7.8 Appeal.** Pursuant to RSA 676:5, III, appeals of any Planning Board decisions made pursuant to this section shall be taken to the Superior Court, not to the Board of Adjustment.

YES 569\* NO 456

**ARTICLE 5:** The voters adopted Amendment Number 5 to the existing Town of Kingston Zoning Ordinance as proposed by the Kingston Planning board as follows:

Replace Article 302 with the following:

#### **Article 302: OUTDOOR LIGHTING ORDINANCE**

**302.1 STATEMENT OF NEED AND PURPOSE:** The benefits of good outdoor lighting are increased safety, energy efficiency, enhancement of the Town's evening character and improved security. New techniques have created extremely powerful lights, which can inadvertently lead to excessive glare, light trespass, and higher energy use. Concerns resulting from excessive glare and light trespass include safety issues, loss of privacy, and increased energy costs for everyone. The goal of this lighting ordinance is to recognize the benefits of outdoor lighting and provide clear guidelines for its installation. Appropriately regulated and properly installed, outdoor lighting will maintain and complement the Town's Character and contribute to the safety and welfare of the residents of the town. The intent of this ordinance is to reduce the problems created by improperly designed and installed outdoor lighting by establishing regulations which limit the area that certain outdoor lighting luminaires can illuminate and by limiting the total allowable illumination of lots located in the Town of Kingston.

**302.2 DEFINITIONS:** For the purposes of this Ordinance, terms used shall be defined as follows:

**A. Direct Light:** Light emitted directly from the lamp, off of the reflector or reflector diffuser, or through the refractor or diffuser lens, of a luminaire.

**B. Fixture:** The assembly that houses the lamp or lamps and can include all or some of the following parts: a housing, a mounting bracket or pole socket, a lamp holder, a ballast, a reflector or mirror, and/or a refractor or lens.

**C. Flood or Spotlight:** Any light fixture or lamp that incorporates a reflector or a refractor to concentrate the light output into a directed beam in a particular direction.

**D. Glare:** Light emitting from a luminaire with an intensity great enough to reduce a viewer's ability to see, and in extreme cases causing momentary blindness.

**E. Height of Luminaire:** The height of a luminaire shall be the vertical distance from the ground directly below the centerline of the luminaire to the lowest direct-light-emitting part of the luminaire.

**F. IESNA:** Illuminating Engineering Society of North America.

**G. Indirect Light:** Direct light that has been reflected or has scattered off of other surfaces.

**H. Lamp:** The component of a luminaire that produces the actual light.

**I. Light Trespass:** The shining of light produced by a luminaire beyond the boundaries of the property of which it is located.

**J. Lumen:** (A unit of luminous flux.) One foot candle is one lumen per square foot. For the purposes of this Ordinance, the lumen-output values shall be the INITIAL lumen output ratings of a lamp.

**K. Luminaire:** This is a complete lighting system, and includes a lamp or lamps and a fixture.

**L. Outdoor Lighting:** The nighttime illumination of an outside area or object by any man-made device located outdoors that produces light by any means.

**M. Temporary outdoor lighting:** The specific illumination of an outside area or object by any man-made device located outdoors that produces light by any means for a period of less than 30 days, with at least 180 days passing before being used again.

**302.3 REGULATIONS:** All public and private outdoor lighting installed in the Town of Kingston shall be in conformance with the requirements established by this Ordinance.

**302.4 CONTROL OF GLARE - LUMINAIRE DESIGN FACTORS:**

**A.** Any luminaire emitting MORE than 1800 lumens (with 1,700 lumens being the typical output of a 100-watt incandescent bulb) shall be fully shielded so as to produce no light above a horizontal plane through the lowest direct-light-emitting part of the luminaire. (Such fixtures usually are labeled Dark Sky Certified or Compliant).

- B. Any luminaire with a lamp or lamps rated at a total of MORE than 1800 lumens, and all flood or spot lights with a lamp or lamps rated at a total of MORE than 900 lumens, shall be mounted at a height equal to or less than the value  $3 + (D/3)$ , where D is the distance in feet to the nearest property boundary. The maximum height of the luminaire shall not exceed 25 feet.
- C. Any luminaire with a lamp or lamps rated at 1800 lumens *or less*, and all flood or spot lights with a lamp or lamps rated at 900 lumens *or less*, may be used without restriction to light distribution or mounting height, except that, to prevent light trespass, if any flood or spot light is aimed, directed or focused so as to cause direct light from the luminaire to be directed toward residential buildings on adjacent or nearby land, or to create glare perceptible to pedestrians or persons operating motor vehicles on public ways, the luminaire shall be redirected, or its light output reduced or shielded, as necessary to eliminate such conditions. (Note: *This exempts most residential front door lights, but no so-called yard-blaster wide-area flood lighting.*)
- D. Any luminaire used to illuminate a public area such as a street or walkway shall utilize an energy efficient lamp such as a low pressure sodium lamp, high pressure sodium lamp or metal halide lamp. Mercury vapor lamps shall not be used due to their inefficiency and high operating costs and toxic mercury content. New or replacement installation of mercury vapor luminaires shall not be permitted after the effective date of this ordinance, and the public shall be encouraged to remove and safely dispose of existing mercury vapor bulbs as soon as practicable. (Note: *Compact fluorescent lamps are not yet commercially available for roadway or wide-area lighting.*)
- E. Luminaires used in public areas such as roadway lighting, parking lots and for exterior building illumination shall be designed to provide the illumination recommended by the IESNA in the most current edition of the IESNA Lighting Handbook.
- F. To protect light-sensitive wildlife habitats, artificial lighting in or on the periphery of these areas shall be minimized and fully shielded to prevent any emission above a horizontal plane through the lowest light-emitting part of a luminaire.
- G. It is recommended that outdoor lighting installations shall include timers, dimmers, and/or motion sensors to reduce overall energy consumption and eliminate unneeded lighting, particularly after 11 PM.
- H. Moving, fluttering, blinking, or flashing lights or signs shall not be permitted, except as temporary seasonal holiday decorations. Externally lit signs shall be illuminated by continuous direct white light with illumination confined to the area of the sign and directed downward.
- I. Luminaires mounted on a gas station canopy shall be recessed in the ceiling of the canopy so that the lens cover is recessed or mounted flush with the ceiling of the canopy and fully shielded.

Luminaires shall not be mounted on the sides or top of the canopy, and the sides or fascia of the canopy shall not be illuminated.

#### **302.5 EXCEPTIONS:**

- A. Luminaires used for public-roadway illumination may be installed at a maximum height of 25 feet and may be positioned at that height up to the edge of any bordering property.
- B. All lighting required for construction projects related to road construction and repair, installation of sewer and water facilities, and other public infrastructure.
- C. All emergency lighting needed by the police or fire departments or other emergency services, as well as all vehicular luminaires, shall be exempt from the requirements of this article.
- D. All hazard warning luminaires required by Federal regulatory agencies are exempt from the requirements of this article.
- E. Luminaires used primarily for signal or intersection illumination may be mounted at any height required to ensure roadway safety regardless of lumen rating.
- F. Seasonal holiday lighting and illumination of the American and State flags shall be exempt from the requirements of this Ordinance, providing that such lighting does not produce glare on roadways and neighboring residential properties.

Formatted: Left, Indent: Left: 0"

Formatted: Font: (Default) Microsoft Sans Serif, 12 pt

#### **302.6 TEMPORARY OUTDOOR LIGHTING:**

- A. Any temporary outdoor lighting that conforms to the requirements of this Ordinance shall be allowed. Nonconforming temporary lighting may be permitted by the Board of Selectmen after considering:
  - 1. the public and/or private benefits that will result from the temporary lighting;
  - 2. any annoyance or safety problems that may result from the use of the temporary lighting; and
  - 3. the duration of the temporary nonconforming lighting.
- B. The applicant shall submit a detailed description of the proposed temporary nonconforming lighting to the Board of Selectmen, who shall consider the request at a duly called meeting of the Board of Selectmen. Prior notice of the meeting of the Board of Selectmen shall be given to the applicant. The Board of Selectmen shall render its decision on the temporary lighting request within two weeks of the date of the meeting. A failure by the Board of Selectmen to act on a request within the time allowed shall constitute a denial of the request.

#### **302.7 EFFECTIVE DATE AND GRANDFATHERING OF NON-CONFORMING LUMINAIRES:**

- A. This ordinance shall take effect immediately upon approval by the voters of the Town of Kingston at an annual or special Town Meeting. Where any provision of this ordinance conflicts with

previous ordinances pertaining to outdoor lighting, the more restrictive shall apply.

- B. All luminaires lawfully in place prior to the date of the Ordinance shall be grandfathered.

### **302.8 NOTIFICATION REQUIREMENTS:**

- A. The Town of Kingston building permit shall include a statement asking whether the planned project will include any outdoor lighting.
- B. Within 30 days of the enactment of this ordinance, the Board of Selectmen shall publish a copy of the Outdoor Lighting Ordinance, with cover letter to all local electric utilities.

### **302.9 VIOLATIONS, LEGAL ACTIONS, AND PENALTIES:**

- A. **Violations and Legal Actions:** If, after investigation, the Board of Selectmen finds that any provision of the Ordinance is being violated, they shall give notice by hand delivery or by certified mail, return-receipt requested, of such violation to the owner and/or to the occupant of such premises, demanding that violation be abated within thirty (30) days of the date of hand delivery or of the date of mailing of the notice. If the violation is not abated within the thirty-day period, the Board of Selectmen may institute actions and proceedings, either legal or equitable, including those pursuant to RSA 502-A:11-a(b), to enjoin, restrain, or abate any violations of this Ordinance and to collect the penalties for such violations.
- B. **Penalties:** A violation of this Ordinance, or any provision thereof, shall be punishable by a civil penalty of two hundred and seventy-five dollars (\$275), and each day of violation after the expiration of the thirty-day period provided in paragraph 1 shall constitute a separate offense for the purpose of calculating the civil penalty.

YES 607\* NO 439

**ARTICLE 6:** The voters adopted Amendment Number 6 to the existing Town of Kingston Zoning Ordinance as proposed by the Kingston Planning Board as follows:

Amend Article 107, Industrial Zone by adding the following uses and description:

**107.1 INDUSTRIAL ZONE.** The Industrial Zone is established as a zone in which the principal use of land is for industry, professional/technology/retail Park and associated uses.

**H. Amusement Centers**

**I. Hotels/Motels**

**J. Business, professional, and medical offices**

**K. Retail Services**

**L. Wholesale Establishments**

**And add the following to Article P-II, Definitions:**

**Amusement Center:** A structure or structures and/or outdoor areas engaged in providing private amusements or entertainment including such activities as dance halls or studios; theaters; cinemas; bowling alleys; video arcades; and similar types of uses for a fee or admission charge. Sexually oriented businesses are not considered a permitted use under this definition.

**Wholesale Establishment:** An establishment or place of business primarily engaged in selling and/or distributing merchandise to retailers; to industrial, commercial, institutional, or professional business users, or to other wholesalers; or acting as agents or brokers and buying merchandise for, or selling merchandise to, such individuals or companies.

YES 752\* NO 299

**ARTICLE 7:** The Town voted to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling \$ 4,446,831.00. Should this article have been defeated, the default budget would have been \$4,443,179.00, which is the same as last year, with certain adjustments required by previous action of the Town or by law, or the governing body may have held one special meeting, in accordance with RSA 40:13, X and XVI to take up the issue of a revised operating budget only. This operating budget warrant article does not include appropriations contained in any other warrant articles.

YES 684\* NO 416

**ARTICLE 8:** The Town voted to authorize the Tax Collector to allow a 1½% deduction from Property Tax when payment is made within 30 days of billing.

YES 1,081\* NO 48

**ARTICLE 9:** The Town did not vote to authorize the Board of Selectmen, pursuant to NH RSA Chapter 38, to establish a municipal water utility, to accept future dedications of water utility infrastructure, plant and property which the Selectmen judge to be suitable for establishing a municipal water utility, with the further understanding that any agreement to accept or acquire such plant or infrastructure shall either be paid for from monies appropriated for general government purposes, or alternately, in the Selectmen's discretion, any agreement to acquire or a determination of acquisition price shall be presented to a future Kingston Town Meeting for approval and ratification prior to final acquisition of water utility property. A two-thirds affirmative vote was required for passage of this article.

YES 696 NO 376\*

**ARTICLE 10:** The Town voted to raise and appropriate the sum of \$50,000.00 to be placed in the previously approved Town Buildings Maintenance and Repairs Capital Reserve Fund.

YES 643\* NO 464

**ARTICLE 11:** The Town voted to raise and appropriate the sum of \$50,000.00 to be placed in the previously approved Highway Department Equipment Replacement Capital Reserve Fund.

YES 653\* NO 445

**ARTICLE 12:** The Town voted to discontinue the following Expendable Trust Funds, the full balances of which were expended during prior years for the purposes set forth in the original articles by which the funds were established, or were transferred by vote of Town Meeting to other funds, or were renamed and are reported under another fund name: The Police Cruiser Expendable Trust Fund established in 1983; the Police Station Expendable Trust Fund established in 1985; and the Animal Fund Expendable Trust Fund established in 1990.

YES 895\* NO 188

**ARTICLE 13:** The Town voted to discontinue the following Capital Reserve Funds, the full balances of which were expended during prior years for the purposes set forth in the original articles, or were transferred by vote of Town Meeting to other funds: The Dump Closure Capital Reserve Fund established in 1987; and the Landfill Closing Capital Reserve Fund established in 1989.

YES 937\* NO 153

**ARTICLE 14:** The Town did not vote to raise and appropriate the sum of \$80,000.00 to be added to the Fire Department Building Replacement, Upgrade and Refurbishment Capital Reserve Fund.

YES 467 NO 598\*

**ARTICLE 15:** The Town did not vote to raise and appropriate the sum of \$85,000 to be placed in the previously established Fire Department Capital Reserve Fund for Apparatus Replacement. If Article 16 had passed, this article would have been null and void.

YES 465 NO 577\*

**ARTICLE 16:** The Town did not vote to adopt the provisions of RSA 31:95-c to restrict 100% of resident ambulance revenues to expenditures for the purpose of replacement of fire department apparatus and equipment. Such revenues and expenditures would have been accounted for in a special revenue fund to be known as the Fire Department Apparatus and Equipment fund, separate from the general fund. Any surplus in said fund would not have been deemed part of the general fund accumulated surplus and would have been expended only after a vote by the legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of revenue. The passage of this article would have nullified Article #15.

YES 334 NO 708\*

**ARTICLE 17:** The Town did not vote to raise and appropriate the sum of \$38,000 and authorize the hiring of a full-time Firefighter/Emergency Medical Technician (preferably a Paramedic) for the Town of Kingston. This appropriation was for

salary and benefits for 6 months. If approved, this position would have become part of the operating budget in ensuing years.

YES 369 NO 698\*

**ARTICLE 18:** The Town did not vote to raise and appropriate the sum of \$9,500 for conceptual drawings and pricing for an addition to the central Fire Station located on Main Street. This would have included an addition with apparatus bays, storage, administrative offices, training spaces, Emergency Operations Center, and common areas. Also, the Town did not authorize the withdrawal of said \$9,500 from the Fire Department's Building Replacement, Upgrade and Refurbishment Capital Reserve Fund with a current balance of approximately \$309,000 created for such purpose.

YES 505 NO 557\*

**ARTICLE 19:** The Town did not vote to raise and appropriate the sum of \$5,000.00 for the purpose of a fireworks display during the Kingston Days 2010 celebration.

YES 518 NO 555\*

**ARTICLE 20:** The Town voted to raise and appropriate the amount of \$45,000.00 for the purpose of repairing and renovating the former YWCA land and buildings and building equipment located at 24 Main Street in Kingston (Tax Map U5, Lot 62) for use as a community recreation facility, and authorized withdrawal and expenditure of that amount from the previously approved Recreation Capital Reserve Fund.

YES 631\* NO 433

**ARTICLE 21:** The Town voted to raise and appropriate the sum of \$40,000.00 to be added to the existing Nichols Memorial Library Capital Reserve Fund for future Library construction and name the Nichols Memorial Library Board of Trustees and the Kingston Board of Selectmen as agents to expend.

YES 553\* NO 518

**ARTICLE 22:** The Town voted to raise and appropriate the sum of \$28,000 to be placed in the Land Acquisition Capital Reserve Fund for the future purchase of development rights, conservation easements and other land acquisition to stabilize the tax base, maintain large tracts of land as such, and to help ensure that the development of additional large multi-house subdivisions do not have significant impact on taxes for town services such as education, fire, and police.

YES 624\* NO 441

**ARTICLE 23:** The Town voted to raise and appropriate the amount of \$2,380.00 to support Rockingham Nutrition & Meals on Wheels Program's service providing meals for older, homebound and disabled Kingston residents in the Town's 2010 Budget.

YES 1,013\* NO 109

**ARTICLE 24:** The Town voted to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) for the purpose of conducting courtesy inspections of boats using the boat launches on Main Street, on Kingston Lake, to remove

fragments of exotic invasive aquatic species and to educate the public on how to prevent the spread of exotic species from waterbody to waterbody. This will provide a Lake Host with ten hours a week for ten weeks to conduct inspections and educate boaters, from Memorial Day to Labor Day, 2010, thereby minimizing the potential for an infestation of an exotic species, such as variable milfoil, that could make recreation on Kingston Lake dangerous, disrupt the ecological balance of the lake, reduce the value of shoreline properties and would be expensive to control and difficult to eliminate.

YES 807\* NO 305

**ARTICLE 25:** The Town voted to designate the Class VI portion of Tucker Road as a Class A Trail as authorized by RSA 231-A; beginning at the northern end of Tax Map R33, Lot 31 and continuing northerly along Tucker Road to the south end of Tax Map R32, Lot 12. Passing this warrant article enhances efforts by the town to apply for funding for such things as bridge repair, through the "Recreational Trail" and "Grant in Aid" funding programs available from the N. H. Bureau of Trails, as well as through programs of other public and private sources.

YES 861\* NO 227

**ARTICLE 26:** The Town voted to approve the following resolution to be forwarded to our State Representatives, State Senator, the Speaker of the House, and the Senate President. Resolved: The citizens of New Hampshire should be allowed to vote on an amendment to the New Hampshire Constitution that defines "marriage".

YES 719\* NO 346

Results were announced at 9:15 pm.

## 2011 VOTING INFORMATION

On March 11, 1996, the Town of Kingston adopted the provisions of RSA 40:13, often referred to as Senate Bill 2. This changed the procedure for voting on subsequent Town Warrants. The following are the dates involved with the two "sessions" of voting for the upcoming 2011 Town Elections, along with a brief description of their purposes.

### **Saturday, February 5, 2011 9:00 AM**

The purpose of the "first session" is information and debate. Voters will decide the final form of ballot questions. Appropriation items may be amended up or down. (NH RSA 31:10V)

### **Tuesday, March 8, 2011 8:00 am - 8:00 pm**

This is the "second session", when voting takes place by ballot for town officers and for the warrant articles as accepted or amended by the "first session".

The Town Meetings will be preceded by multiple meetings of the Budget Committee, and by two Public Hearings that will be fully advertised and noticed.

Voters may check with the Town Clerk to ensure that they're registered.

# **2011 BALLOT QUESTIONS AND BUDGET**

STATE OF NEW HAMPSHIRE  
TOWN OF KINGSTON

WARRANT ARTICLES  
2011

**Article 1:** To elect the following Town Officers: One Selectman for a term of three years; two Trustees of Trust Funds for a term of three years; two Library Trustees for a term of three years; two Library Trustees for a term of one year; one Fire Ward for a term of three years; one Constable for a term of three years; two Planning Board members for a term of three years; four Municipal Budget Committee members for a term of three years; one Municipal Budget Committee member for a term of two years; two Municipal Budget Committee members for a term of one year; and two Zoning Board of Adjustment members for a term of three years.

---

**Article 2:** Are you in favor of the following amendment to the town Zoning Ordinance as proposed by the Planning Board?

To amend Article 1401, "Zoning Board of Adjustment", to include the following:

**"The Zoning Board of Adjustment shall have those duties and authority granted them per State RSA's 673, 674, 676 and 677."**

---

**Article 3:** Are you in favor of the following amendment to the town Zoning Ordinance as proposed by the Planning Board?

To amend Article 104, Rural Residential District, by adding the following:

**104.5 Structure/Dwelling Regulations**

C. after "special exception" add in the phrase "*as noted below*".

J. Special Exception shall meet the following standards:

1. remove "*and industrial*"

Last paragraph: add in the phrase "*by the Zoning Board of Adjustment*"

after the word "granted" and before "formal site plan review"

---

**Article 4:** Are you in favor of the following amendment to the town Zoning Ordinance as proposed by the Planning Board?

**Add the Following language to the end of the second paragraph of section 103.1 Residential District:**

***To eliminate lots with two or more zoning designations the following lots are entirely zoned Single Family Residential***

**On tax map U-7** the following lots will be rezoned to be entirely Single Family Residential: 18,19,21,25,30,31,32,33,34,35,36, 40, 41,42.

**On tax map U-8** Lots 18 and 19 will be zoned entirely Single Family Residential.

**On tax map U-10** Lot 10 will be zoned entirely Single Family Residential

**On tax map R-5**, the following lots will be zoned entirely Single Family Residential: Lots, 4, 1, 1A, 21A, 8-20, 8-21, 8-22

**On tax map R-6**, the following lots will be zoned entirely Single Family Residential: Lots 22, 18-1, 19, 18, 16, 10-4, 10-3, 10-2, 10-1, 8-A, 8B, 1-16, 1-17

**On tax map R-8** all lots with frontage on Hunt Road, Kinneret Drive, Morning Dove Road, or Robin Lane are zoned entirely Single Family Residential except for Lots 34 and 35 that remain C-III.

**On tax map R-9** the following lots will be zoned entirely Single Family Residential: 19A, 19B, 11, 8, 81,

**On tax map R-19** the following lots will be zoned entirely Single Family Residential: Lots 1, 2, 4, 5, 10

**On tax map R-21** the following lots will be zoned entirely Single Family Residential: Lots 6, 7, 8, 31, 32, 23, 24, 26-6, 26-7, 26-8, 26-9

**On tax map R-22** the following lots will be zoned entirely Single Family Residential: Lots 4-3, 4-2, 8, 37

**On tax map R-23** the following lots will be zoned entirely Single Family Residential: Lots 30, 31, 32-5, 32-1, 35, 39Q, 39N, 39I, 39J, 39K, 39L, 39M

**On tax map R-30** lot 57 is entirely zoned Single Family Residential.

**On tax map R-32** the following lots will be zoned entirely Single Family Residential: 1-9, 5.

**On tax map R-33** the following lots will be zoned entirely Single Family Residential: Lots 14, 15, 16, 17, 18, 35

**On tax map R-35** the following lots will be zoned entirely as Single Family Residential: 45-9, 45-10, 45-11, 45-12, 45-13, 45-14, 45-15, 45-16, 45-17, 45-18, 45-19, 45-20, 45-21, 45-22, 45-23, 45-24

**Add the Following language to the end of the first paragraph of section 102.2 Historic District I:**

*To eliminate confusion, the following lots have frontage in Historic District I and are therefore zoned as completely Historic District I:*

**On tax map U-8**, the following lots will become entirely Historic District I: Lots 13, 14, 15, 16, 17.

**On tax map U-9** the following lots will be rezoned so that they are entirely Historic District I: Lots 1, 2, 3, 4, 12, 13, 40, 41, 44, 45, 46, 47, 48, 49, 50, 25, 26, 27, and 28.

**On tax map U-10** the following lots will be re-zoned so that they are entirely within the Historic District I zone: Lots 7, 8, 9, 11, 12, 13, 14, 15, 16, 17, 27, 28, 29, 30, 32, 36, 40, and 42

**On tax map U-11** the following lots will be zoned entirely Historic District I: Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and 14. Kingston State Park will be entirely zoned Historic District I.

**On tax map R-30** Lot 1 is entirely Historic District I.

**On tax map R-34** the following lots are to be entirely zoned as Historic District I: Lots 19, 22, 24, 35, 38, 39, 32, 71B, 70, 71, 72, 74, 75, 76, 77

**Add the Following language to the end of the first paragraph of section 102.3 Historic District II:**

*To eliminate confusion, the following lots have frontage in Historic District II and are therefore zoned as completely Historic District II:*

**On tax map R-35** Lots 1 and 2 will be zoned entirely as Historic District II.

**On tax map R-39** the following lots will be zoned entirely Historic District II: Lots 2, 2A, 3, 3A, 3B, 5, 5A, 6, 6A, 7, 7A, 8, 9, 10, 11-1, 11-2, 11-3, 13, 13A, 17, 18, 19, 39, 40, 40a, 41

**Add the Following language to the end of the first paragraph of section 104.1 Rural Residential District:**

*To eliminate confusion the following lots that were split between zones are now entirely zoned Rural Residential:*

**On tax Map U-8** Lot 12 will be entirely zoned Rural residential.

**On tax Map U-10** lot 35 will be zoned entirely Rural Residential.

**On tax map R-9** the following lots will be zoned entirely Rural Residential: 1-4, 1-5, 1-6, and 80

**On tax map R-26** lot 1-2 will be zoned entirely Rural Residential.

**On tax map R-30** Lots 40B, 40C and 40D are zoned entirely Rural Residential.

**On tax map R-32** Lots 2 and 8 will be zoned entirely Rural Residential.

**On tax map R-33** Lots 21 and 30 will be zoned entirely Rural Residential.

Add the Following language to the end of section 105.1 Single Family Residential- Agricultural District:

*To eliminate confusion Tax Map R-34 Lots 41 and 61 will be entirely zoned Single Family Residential - Agricultural.*

Add the Following language to the end of section 109.1 Description of Zone:

*To eliminate confusion Tax Map R-40 lot 8 will be zoned entirely Commercial II.*

Add the Following language to the end of section 110.1,A Description of Zone:

*To eliminate confusion tax map R-8 lots 34 and 35 are zoned C-III.*

**Article 5:** Are you in favor of the following amendment to the town Zoning Ordinance as proposed by the Planning Board?

**Adopt the following Ordinance:**

**Article 415: Small Wind Energy Systems Ordinance**

**415.1 Purpose**

This small wind energy systems ordinance is enacted in accordance with RSA 674:21, Innovative Land Use Controls, and the purposes outlined in RSA 672:1-III-a and RSA 674:17-I(j). The purpose of this ordinance is to accommodate distributed generation/small wind energy systems in appropriate locations, while minimizing any adverse visual, safety and environmental impacts of the system. In addition, this ordinance provides a permitting process for small wind energy systems to ensure compliance with the provisions of the requirements and standards established herein.

**415.2 Definitions:**

**A. Fall zone:** The potential fall area for the small wind energy system. It is measured by using 110% of the total height as the radius around the center point of the base of the tower.

**B. Flicker:** The moving shadow created by the sun shining on the rotating blades of the wind turbine.

**C. Meteorological tower (met tower):** Includes the tower, base plate, anchors, guy wires and hardware, anemometers (wind speed indicators), wind direction vanes, booms to hold equipment for anemometers and vanes, data loggers, instrument wiring, and any telemetry devices that are used to monitor or transmit wind speed and wind flow characteristics over a period of time for either instantaneous wind information or to characterize the wind resource at a given location.

**D. Net metering:** The difference between the electricity supplied over the electric distribution system and the electricity generated by the small wind energy system which is fed back into the electric distribution system over a billing period.

**E. Power grid:** The transmission system, managed by ISO New England, created to balance the supply and demand of electricity for consumers in New England.

**F. Shadow:** The outline created on the surrounding area by the sun shining on the small wind energy system.

**G. Small wind energy system:** A wind energy conversion system consisting of a wind turbine, a tower, and associated control or conversion electronics, which has a rated capacity of 60 kilowatts or less and will be used primarily for onsite consumption.

**H. Tower:** The monopole or guyed monopole structure that supports a wind turbine.

**I. Total height:** The vertical distance from ground level to the tip of the wind turbine blade when it is at its highest point.

**J. Tower height:** The height above grade of the fixed portion of the tower, excluding the wind turbine.

**K. Wind turbine:** The blades and associated mechanical and electrical conversion components mounted on top of the tower whose purpose is to convert kinetic energy of the wind into rotational energy used to generate electricity.

#### **415.3 Applicability**

- A. **Small Wind Energy System:** Small wind energy systems shall be permitted under a conditional use permit as an innovative land use control pursuant to RSA 674:21 in all zoning districts where structures of any sort are allowed except for Historic District I (HD I) and Historic District II (HD II). In the Single Family Residential District small wind energy systems shall not exceed 10 kilowatts and must comply with the Town's Noise Standards Ordinance.
- B. **Approval:** No small wind energy system shall be erected, constructed, installed or modified without first receiving a conditional use permit from the Planning Board, as outlined in section D.

#### **415.4 Procedure for Review**

- A. **Conditional Use Permit:** In accordance with RSA 674:21, a small wind energy system shall be subject to receiving a conditional use permit prior to installation or modification thereof. The issuance of a conditional use permit shall abide with the following requirements:

1. Building Permit: A building permit shall be required for the installation or modification of a small wind energy system.
  2. Site Plan Review: Prior to issuance of a building permit, a site plan shall be submitted to the Planning Board for review. The applicant shall follow the procedural requirements of the site plan review regulations, RSA 674:62- Regional Notification for Small Wind Energy Systems and RSA 676:4- Board's Procedures on Plats. The site plan shall include the following:
    - a. Location, dimensions, and types of existing major structures on the property.
    - b. Location of the proposed small wind energy system, foundations, guy anchors and associated equipment
    - c. Setback requirements as outlined in this ordinance.
    - d. The right-of-way of any public road that is contiguous with the property.
    - e. Any overhead utility lines.
    - f. Small wind energy system specifications, including manufacturer, model, rotor diameter, tower height, tower type (freestanding or guyed).
    - g. If the small wind energy system will be connected to the power grid, documentation shall be provided regarding the notification of the intent with the utility regarding the applicant's installation of a small wind energy system.
    - h. Tower foundation blueprints or drawings.
    - i. Tower blueprint or drawings.
    - j. Sound level analysis prepared by the wind turbine manufacturer or qualified engineer.
    - k. Electrical components in sufficient detail to allow for a determination that the manner of installation conforms to the National Electrical Code (usually provided by the manufacturer).
    - l. Estimated costs of physically removing the small wind energy system to comply with surety standards.
    - m. Evidence of compliance or non-applicability with Federal Aviation Administration requirements.
    - n. The site plan must be stamped by a professional engineer licensed to practice in the state of New Hampshire.
- B. Meteorological (Met) Towers: The construction of a met tower for the purpose of collecting data to develop a small wind energy system, shall abide with the following requirements;
1. The construction, installation or modification of a met tower shall require a building permit and shall conform to all applicable sections of the state building code.
  2. Met towers shall be permitted on a temporary basis not to exceed 3 years.

3. Met towers shall adhere to the small wind energy system standards.
4. A conditional use permit is not required to construct, install or modify a met tower. Prior to the issuance of a building permit, the building inspector shall ensure the met tower complies with the small wind energy system standards.

#### **415.5 Conditional Use Permit Standards**

- A. Through the conditional use permit review process, the small wind energy system shall be evaluated for compliance to the following standards;
  1. Setbacks:
    - a. Small wind energy system shall be set back a distance equal to 110% of the total height from:
      - i) Any public road right-of-way, unless written permission is granted by the governmental entity with jurisdiction over the road.
      - ii) Any overhead utility lines.
      - iii) All property lines, unless the affected land owner provides written permission through a recorded easement allowing the small wind energy system's fall zone to overlap with the abutting property.
      - iv) Any travel ways to include but not be limited to driveways, parking lots, nature trails or sidewalks.
- B. The said system shall be set back a distance equal to 150% of the tower height from any occupiable structure on an abutting property.
- C. Small wind energy systems must meet all setbacks for principal structures for the zoning district in which the system is located.
- D. The setback shall be measured to the center of the tower's base.
- E. Guy wires used to support the tower are exempt from the small wind energy system setback requirements but must meet minimum lot line setbacks for structures.
  1. Tower:
    - a. Wind turbines may only be attached to freestanding or guy wired monopole towers. Lattice towers are explicitly prohibited.
    - b. The tower height shall not exceed 150 feet.

- c. The applicant shall provide evidence that the proposed tower height does not exceed the height recommended by the manufacturer of the wind turbine.
- 2. Sound Level: The small wind energy system shall comply with the Town's Noise Standards Ordinance.
- 3. Shadowing/Flicker: Small wind energy systems shall be sited in a manner that does not result in significant shadowing or flicker impacts. The applicant has the burden of proving that this effect does not have significant adverse impact on neighboring or adjacent uses either through siting or mitigation.
- 4. Signs:
  - a. All signs, both temporary and permanent, are prohibited on the small wind energy system, except as follows:
    - 1. Manufacturer's or installer's identification on the wind turbine.
    - 2. Appropriate warning signs and placards.
- 5. Code Compliance: The small wind energy system shall comply with all applicable sections of the New Hampshire State Building Code.
- 6. Aviation: The small wind energy system shall be built to comply with all applicable Federal Aviation Administration including but not limited to 14 C.F.R. part 77, subpart B regarding installations close to airports, and the New Hampshire Aviation regulations, including but not limited to RSA 422-b and RSA 424. Evidence of compliance or non-applicability shall be submitted with the application.
- 7. Visual Impacts: It is inherent that small wind energy systems may pose some visual impacts due to the tower height needed to access the wind resources. The purpose of this section is to reduce the visual impacts, without restricting the owner's access to the wind resources.
  - a. The applicant shall demonstrate through project site planning and proposed mitigation that the small wind energy system's visual impacts will be minimized for surrounding neighbors and the community. This may include, but not be limited to information regarding site selection, turbine design or appearance, buffering, and screening of ground mounted electrical and control equipment. All electrical conduits shall be underground.
  - b. The color of the small wind energy system shall either be the stock color from the manufacturer or painted with a non-reflective, unobtrusive color that blends in with the surrounding environment.
  - c. A small wind energy system shall not be artificially lit unless such lighting is required by the Federal Aviation Administration (FAA). If lighting is required, the applicant shall provide a copy of the FAA

determination to establish the required markings and/or lights for the small wind energy system.

**F. Utility Connection:** If the proposed small wind energy system is to be connected to the power grid through net metering, it shall adhere to RSA 362-A:9.

**G. Access:**

1. All ground mounted electrical and control equipment shall be labeled and secured to prevent unauthorized access.
2. The tower shall be designed and installed so as to not provide step bolts or a ladder readily accessible to the public for a minimum height of 8 feet above the ground.

**H. Approved Wind Turbines:** The manufacturer and model of the wind turbine to be used in the proposed small wind energy system must have been approved by the California Energy Commission or the New York State Energy Research and Development Authority, or a similar list approved by the state of New Hampshire, if available.

**I. Clearing:** Clearing of natural vegetation shall be limited to that which is necessary for the construction, operation and maintenance of the small wind energy system and as otherwise prescribed by applicable laws, regulations, and ordinances.

#### **415.6 Abandonment**

- A. At such time that a small wind energy system is scheduled to be abandoned or discontinued, the applicant will notify the Building Inspector by certified U.S. mail of the proposed date of abandonment or discontinuation of operations.
- B. Upon abandonment or discontinuation of use, the owner shall physically remove the small wind energy system within 90 days from the date of abandonment or discontinuation of use. This period may be extended at the request of the owner and at the discretion of the Building Inspector. "Physically remove" shall include, but not be limited to:
  1. Removal of the wind turbine and tower and related above grade structures.
  2. Restoration of the location of the small wind energy system to its natural condition, except that any landscaping, grading or below-grade foundation may remain in the after-conditions.
- C. In the event that an applicant fails to give such notice, the system shall be considered abandoned or discontinued if the system is out-

of-service for a continuous 12-month period. After the 12 months of inoperability, the Building Inspector may issue a Notice of Abandonment to the owner of the small wind energy system. The owner shall have the right to respond to the Notice of Abandonment within 30 days from Notice receipt date. The Building Inspector shall withdraw the Notice of Abandonment and notify the owner that the Notice has been withdrawn if the owner provides information that demonstrates the small wind energy system has not been abandoned.

- D. If the owner fails to respond to the Notice of Abandonment or if after review by the Building Inspector it is determined that the small wind energy system has been abandoned or discontinued, the owner of the small wind energy system shall remove the wind turbine and tower at the owner's sole expense within 3 months of receipt of the Notice of Abandonment. If the owner fails to physically remove the small wind energy system after the Notice of Abandonment procedure, the town shall have the authority to enter the subject property and physically remove the small wind energy system.
- E. The Planning Board may require the applicant to provide a form of surety (i.e., post a bond, letter of credit or establish an escrow account or other) at the time of construction to cover costs of the removal in the event the town must remove the facility. The applicant shall submit a fully inclusive estimate of the costs associated with removal, prepared by a qualified engineer. The amount shall include a mechanism to accommodate the rate of inflation over 15 years.

#### **415.7 Violation**

It is unlawful for any person to construct, install, or operate a small wind energy system that is not in compliance with this ordinance or with any condition contained in the site plan review issued pursuant to this ordinance. Small wind energy systems installed prior to the adoption of this ordinance are exempt.

#### **415.8 Penalties**

Any person who fails to comply with any provision of this ordinance or a building permit issued pursuant to this ordinance shall be subject to enforcement and penalties as allowed by NH Revised Statutes Annotated Chapter 676.

#### **415.9 Waiver Provisions**

The Planning Board may waive any portion of this ordinance in such cases where, in the opinion of the Planning Board, strict conformity would pose an unnecessary hardship to the applicant and waiver would not be contrary to the spirit and intent of this ordinance.

**Article 9:** Are you in favor of the following amendment to the town Zoning Ordinance as proposed by the Planning Board?

To amend Article 108, Commercial Zone I, by amending the following:

**108.7.C.6, Add in the following language:**

a. **Certification of Income Levels.** To ensure that only eligible households purchase/rent the designated affordable housing units, the purchaser/renter of an affordable unit must submit copies of their last three years federal income tax returns and written certification, verifying that their annual income level, combined with household assets, does not exceed the maximum level as established by this ordinance. The tax returns and written certification of income and assets must be submitted to the developer of the housing units, or the developer's agent, prior to the transfer of title. A copy of the tax return and written certification of income and assets must be submitted to all parties charged with administering and monitoring this ordinance, within 30 days following the transfer of title.

b. **Assurance of continued affordability.** Affordable units offered for sale shall require a lien, granted to the Town of Kingston be placed on each affordable unit. The value of the lien shall be equal to the difference between the fair market value of the unit and its reduced affordable sale price, which is indexed according to the qualifying income standards. The municipality's lien is inflated over time at a rate equal to the Consumer Price Index (CPI). Future maximum resale values shall be calculated as the fair market value minus the CPI adjusted lien value. Subsequent sales are not limited based on income targets, but the combination of maintenance of the municipality's lien and adherence to this Article's definition of affordable housing for a period of 30 years.

c. **Documentation of restrictions.** Deed restrictions, restrictive covenants, or contractual arrangements related to dwelling units established under this Article must be set forth on all plans filed with the Town's Planning Board and with the Registry of Deeds. Ongoing responsibility for monitoring the compliance with resale and rental restrictions on affordable units shall be the responsibility of a monitoring agency of the Planning Board's choice including, but not limited to, the New Hampshire Housing Finance Authority. If the Planning Board's choice for monitoring and compliance is the New Hampshire Housing Finance Authority then the owner of said affordable units shall follow the requirements as set forth in the New Hampshire Housing Finance Authority's Model for Homeownership Affordability Retention Lien as amended

#### 108.7.C.10: Buffer Zone/Landscaping

1. Each Site Plan approval shall include appropriate buffer areas. The purpose for these buffering provisions is to minimize the impact between traditional commercial uses and multifamily residential use. These buffer areas are to be at least fifty feet in width and maybe required to be wider if deemed necessary by the Planning Board. No parking shall be located within any part of the buffer zone.
2. Each site plan submitted for approval by the Planning Board shall include a landscaping plan that incorporates appropriate landscaping to serve as both visual and sound buffering from abutting parcels. The

extent of landscaping materials necessary to achieve this required buffering is to be established on a site by site review using the following standards. Landscaping shall be maintained as approved.

a. Landscape Buffer Requirements

Landscaped buffers shall be provided where required by this section and shall conform to the standards in the bufferyards illustrated on the attached pages. Fifty percent (50%) of all trees in such buffer areas shall be of the evergreen species. Trees and shrubs shall conform to the following standards:

1. Deciduous trees shall be planted at least three inches (3") in caliper measured six inches (6") above the root ball, with a mature height of at least 12 feet.
2. Fruit and ornamental trees shall be planted at two inches (2") in caliper measures six inches (6") above the root ball, with a mature height of at least 12 feet.
3. Evergreen trees shall be coniferous species planted at least six feet (6') in height.
4. Shrubs shall be either deciduous species planted at 2.5 feet in height with a mature height of at least six feet or evergreen species planted at 2.5 feet in spread.
5. Existing natural growth that meets the requirements of buffering stated above, will be considered as part of the screen.
6. If deemed appropriate by the Planning Board stockade fencing may be used as a suitable screening material.
7. Any planted vegetative buffer is expected to reach maturity and fully screen the developed project within five years. If the planted buffer does not fully screen the proposal at the end of five years the planning board may/shall contact the property owner to assess ways of correcting the buffering deficiencies.

b. Front Yard Buffers:

Landscaped treatments of the front yard are required for all proposals and shall include, seeded lawn, evergreen cover, trees, shrubs, or a combination thereof.

c. Side and Rear Yard Buffers:

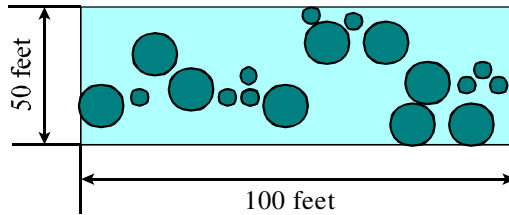

Landscaped treatments are required for side and rear yards for all proposals. These buffers should follow the parameters of the "A" bufferyard on the attached diagram if the buffer yard is

between similar uses. If the buffer yard separates commercial use from residential uses the "B" bufferyard standards shall be utilized. (See Diagrams Below)

### 3. Bonding of Landscape Improvement

The Planning Board shall require a bond in an amount to cover the cost of 100% of all landscape improvements. These improvements shall include the cost of all plant materials, seed, mulch, topsoil, construction of berms and labor necessary to implement the landscape plan. This bond will remain in effect for five years. 15% of this bond shall be kept in excess of five years to insure the required landscaping survives.

**Article 23:** On petition of 56 registered voters, shall the Town vote to create a general trust fund under the provisions of RSA 31:19-a II to be known as the "2011 Town of Kingston Infrastructure Fund" for the purpose of building, expanding, improving, and maintaining Town owned structures and improvements and to raise and appropriate the sum of \$4,507,735.30, such sum to come from the remaining balance of the Infrastructure Fund which was revoked in Article 21 and no amount to be raised by taxation? The sum of \$4,103,000.00 shall remain in Trust and will not be invaded. Only monies earned through investment, including but not limited to interest and dividends and the interest and dividend money earned on the "Town of Kingston Infrastructure, Development, Improvement and Maintenance Fund" as of December 31, 2010, including any interest accumulated through March 2, 2011 will be available to support the purpose of the Trust Fund. The Selectmen are appointed agents to expend earnings of the Trust Fund for the purpose of the Trust, after a posted public hearing. The intent of this Article is to create a Revocable Trust, generating annual earnings for the benefit of the Town in perpetuity. If either Article 21 and Article 22 do not pass (Revocation of the current Infrastructure Fund or Library Construction) this Warrant Article becomes moot and has no effect. In order for the town to take advantage of the current Infrastructure Fund, Articles 21, 22, and 23 all must pass. This Article shall have no tax impact.

**Article 26:** On petition of 46 registered voters, shall the Town vote to raise and appropriate the sum of \$182,000.00 to purchase a conservation easement on approximately 80 acres of land located on Little River Road and shown on Tax Map R34 as lot 44, and allow withdrawal of \$182,000.00 from the Land Acquisition Capital Reserve Fund for this purchase in order to permanently conserve the land? Further, to authorize the Board of Selectmen to accept any funds from the State of New Hampshire, the federal government, or private

sources to support the permanent protection of this land. This purchase will conserve the Town's rural character, help stabilize the tax base, and ensure that an area prime for residential development does not have a significant negative impact on taxes because of the need for increased Town services such as education, fire and police. This purchase will be in partnership with the Southeast Land Trust of New Hampshire, a non-profit conservation organization, which will hold a conservation easement on the land. This article is contingent upon receipt of funds of \$135,000.00 from the Federal Farm and Ranchland Protection Program or other sources. This will be a non-lapsing appropriation per RSA 32:7, VI, and will not lapse until the easement is purchased or by December 31, 2015, whichever is sooner. This article has no tax impact.

# DEPARTMENT REPORTS

## FIRE DEPARTMENT

As I write this year's report, we are awaiting notification from the Federal Emergency Management Agency (FEMA) on a \$71,370.00 grant application that has been favorably reviewed. The grant will be used to replace the two cardiac monitor/defibrillators on each of our two ambulances, and will add six automatic external defibrillators (AED) to each fire truck. This will expand our coverage within the community with state of the art life saving equipment.

We were fortunate to have been awarded a \$33,119.00 FEMA grant to replace all of the pagers used by our emergency responders. Vehicle radio repeaters also were funded by this grant. The repeaters were placed in all of the fire apparatus to improve communications between the firefighters at the scene and our dispatch center in Brentwood.

A grant for \$1,321.00 was written and awarded through the town's insurance carrier, to purchase a Hydrogen Cyanide Meter, used to test the atmosphere following a building fire. It allows us to ensure that it's safe for firefighters to re-enter a building without respiratory protection. The department also received a \$2,000.00 grant from the Local Government Center, to implement a health and wellness program for department members. We use the funds to minimize health risks associated with firefighting and emergency medical services.

The Kingston Volunteer Fire Association once again showed their generosity by purchasing a carbon monoxide meter, used for measuring patients' blood CO levels. The \$4,500.00 meter will allow us to evaluate and better treat patients with potential carbon monoxide poisoning. The Association also has voted to spend \$5,000.00 to help defray the cost of replacing the department's failed thermal imaging camera. They also agreed to contribute \$1,000.00 to help meet the local match for an Emergency Operations Center equipment grant. Our successes with obtaining grants and the support of the Association allow us to replace outdated equipment while maintaining a responsible operating budget.

Call volume once again reached an all time high with more than 2,100 calls for service during 2010. Because our department is a combination of full-time staff and paid call staff, we must rely on one another to be successful. Our five full-time staff members manage the day to day activity, seven days a week. Those activities include emergency fire and ambulance calls, minor vehicle and equipment maintenance, inspections and permitting, training preparation, and record keeping. Our paid call staff is the larger staffing component, and they respond when available.

We were excited this year to recognize all of the Fire Chiefs who have served our community. The festivities began on the night of October 18<sup>th</sup>, with a wonderful dinner provided by the Kingston Fire Auxiliary. Dinner was followed by a Power Point presentation and awards ceremony. All of the 13 Fire Chiefs were honored for their service with a plaque inscribed with their names and years as Chief.

I thank the residents of Kingston for their continued support. That support allows us to provide the level of service you expect from us. Throughout the next year, we will continue to vigorously pursue grant opportunities and to work with the Association to help to reduce our operating costs.

## POLICE DEPARTMENT

I would like to begin by wishing you a happy and prosperous new year. I also would like to thank you for your continued support in 2010. Through the partnership of the community and the police, Kingston remains a very safe place to live and work.

On behalf of the Kingston Police Department, it is my pleasure to present you with the 2010 annual report. First and foremost, I want to personally thank the men and women of our department for the professionalism, loyalty, and dedication that has been displayed throughout 2010.

This past year has again been very busy, challenging and demanding for our department. Through it all, our employees worked with the adversity of an ailing economy, increase in crime, and constant staffing shortages, to have a positive impact on our community. Our staff demonstrated their commitment to fulfilling our responsibilities to the residents and businesses that we serve.

Our department is staffed with nine full-time officers, five part-time sworn officers, one animal control officer, and one secretary/dispatcher. These dedicated employees are committed to the principle of community policing.

Employee retention continues to be problematic for our small department. It is very difficult to compete against larger departments who can afford to offer a more comprehensive benefit package with attractive wages. This year the department experienced a high turn-over in our full time staff. Four of our full-time police officers vacated their positions, with three of them moving on to other law enforcement agencies.

Faced with the objective of maintaining services with fewer resources, it continues to be a major objective of the department to save taxpayer dollars by actively pursuing grants, donations, and drug asset forfeitures that will assist in reducing the financial burden to our community. In 2010 the department received funds, services and equipment valued at \$138,980.91.

In 2011, the police department will continue to provide excellence in service through positive and proactive community involvement. As a partnership, the community and the department will continue to strive for and accomplish a positive, healthy and safe environment for our future. Together we are making a difference.

Respectfully submitted,

*Donald W. Briggs, Jr.*

## EMERGENCY MANAGEMENT

Another year has come and gone. There was a transition of leadership in 2010 when Norman Hurley resigned from the Emergency Management position that he had held for more than 15 years. We would like to personally thank Norm for his dedicated years of service and his contributions to the town.

The Board of Selectmen approved a tri-directorship of Police Chief Don Briggs, Road Agent Rich St. Hilaire and Fire Chief Bill Seaman to continue providing emergency management services for the town. The emergency management organization is responsible for pandemic planning, planning and evacuation plans for any emergency at Seabrook Station, and any natural or manmade disasters that may occur within the community or state.

During 2010 we held 2 practice drills and a FEMA-graded exercise to prepare for a possible Seabrook Station incident that would directly impact the Town of Kingston. This training is also valuable in operating our emergency operations center, which is opened during natural weather events or disasters. Following the February 2010 wind storm that toppled trees, created major power outages, and resulted in significant personal losses, we applied for and received over \$100,000 in disaster funds from FEMA to reimburse the town for its costs in man hours and equipment, hours for brush and tree removal, clearing of right of ways, and staffing of the EOC. Unfortunately, because only two towns in the county filed the necessary paperwork (Kingston being one of the two), individual losses as a whole did not meet the threshold to warrant federal assistance.

The emergency management directors will continue to offer education and training to maintain the highest level of safety for the residents of the Town of Kingston. We would like to thank the Board of Selectmen, many town employees, Citizen's Corp volunteers, building inspector, electrical inspector, health inspector and all those who willingly come together when the town is in need.

## NICHOLS MEMORIAL LIBRARY

It is my pleasure to celebrate my one year anniversary as Director of the Library. Over the last year I have enjoyed "coming home" and becoming involved in this integral part of the community.

2010 rounded out the decade in a flurry of programs and activity, from meditation courses and book signings by local authors, to a visit from local Olympic Champion Scotty Lago. Libraries of the coming decade are charged with a greater task than libraries of the past. The library of the future is not only a storehouse for books, music and movies, but a resource center for the community and an agent to building social capital.

We have made great headway into the future while respecting our past. Over the last year, we have entered the social networking scene with a Facebook page and a new and interactive website, while also strengthening our collection of classic novels and expanding our customer service.

As we look to the year ahead, the Library that we all know and love will continue with renewed spirit and zest. The citizens of Kingston are at an advantage, having the possibility to build a new library that can support this renewed spirit without having a tax impact. This March, make your voice heard and vote for Warrant Articles 21, 22, and 23, supporting the construction of a new library building for Kingston.

Here's to a year of strengthened and continued service to the Kingston community!

## TOWN CLERK-TAX COLLECTOR

In 2010 there was a decrease of \$48,790.67 in Motor Vehicle revenue, compared to a decrease of \$43,505.00 in 2009 and a decrease of \$65,958.00 in 2008. The total number of vehicles registered was 8,249, a decrease of 421.

Total receipts for the Clerk decreased by \$51,039.67, compared to a decrease of \$44,126.00 in 2009 and a decrease of \$80,521.00 in 2008. No boat registrations were received in 2010. Boats can be registered at the MV Department in Epping. Vital Statistic reports are on line in our office from the Vital Records Department in Concord and are printed on the back pages of this Town Report.

Dogs licensed for the year were 1,026, plus 12 groups. The revenue decreased by \$1,704.00. All dogs must be licensed every year by April 30<sup>th</sup>. After May 31<sup>st</sup> there is a \$1.00 per month penalty added for each dog. Females and Males are \$9.00; Spayed and Neutered are \$6.50. If the owner is over 65, one dog is \$2.00.

During the year there were 99 people added to the Official Checklist. Deputy Town Clerk Holly Ouellette does this work in conjunction with the Supervisors of the Checklist. Thanks to Chairman Eddie C. Thurnquist, Robert L. Pothier, Jr., and Dale G. Winslow for their excellent work and cooperation. PLEASE try to register before Election Day to save confusion at the polls.

There will be one election on March 8, 2011. In 2010 there were four elections. The first was a Special General Election on January 12<sup>th</sup>. The Deliberative Session was on February 2<sup>nd</sup> at the Town Hall. The Town and School Meeting was held on March 9<sup>th</sup>, with the polls open from 8:00 am to 8:00 pm, at the Swasey Gymnasium. The third was the State Primary Election on September 14<sup>th</sup>, and the fourth was the November 2<sup>nd</sup> General Election. Special thanks to all the dedicated people who work all day and part of the night to make the elections run smoothly.

We have continued to keep the census daily and, as of 12/31/2010, the population was 7,674, an increase of 89 over last year. In order to keep these figures on a current basis, 1,018 entries were made. It is very difficult to keep track of all the people constantly moving in and out.

As of December 18, 2000, we went online with the Motor Vehicle Department in Concord. This means that when you leave our office, you are already online in the state computer system. This also means that your bar coded registration is ready to scan at your Inspection Station. All records must match, and there are still some problems, which cause us to call Concord on our direct line before we can proceed.

In the Tax Department, total collections for the year were \$14,114,541.73. Total Liens, executed on May 5, 2010, were \$399,955.49. If there are any questions, please call us first for help.

In 2010 the first, estimated tax bills were due on July 1<sup>st</sup>. The Official Tax Rate of \$20.38 was set by the Department of Revenue Administration in Concord and the second bills were mailed out on October 28<sup>th</sup>, due on December 1<sup>st</sup>.

After the taxes go into the lien file, interest increases from 12% to 18% per annum. Owners still have two years to redeem the taxes. Tax liens are processed in May.

Kingston Days was held in August and everyone enjoyed the festivities. There was good attendance and good weather. Thanks to all who help in any

way to make this annual event a fun time for everyone. Volunteers are always needed. If interested, please contact Joe Thompson at 642-5336. Come join the fun on August 5<sup>th</sup>, 6<sup>th</sup> and 7<sup>th</sup> in 2011.

Another year has passed and I continue to serve to the best of my ability. I have been Tax Collector since March, 1960 and Town Clerk since March 1970. The offices are now combined. There is an old saying: "Time flies by when you are having fun!" I want to express my sincere appreciation to all elected officials as well as to all department heads. I am deeply grateful to Holly Ouellette, Deputy Town Clerk-Tax Collector, for her dedication to the Town.

Also, many thanks to the following for all their cooperation: Selectmen as well as Cindy, Kathy and Cathy in their office; Gail Ramsey, our office clerk; Donald W. Briggs, Jr., Police Chief and all his officers; Ellen Faulconer in the Human Services Department; Ellie Alessio, Moderator; Bill Seaman, Fire Chief; Richard St. Hilaire, Road Agent; Mike Elliott in Maintenance; Robert Steward, Building Inspector; Larry Middlemiss, Health Officer; Joe Thompson, Electrical Inspector; and all the people who work at the Elections. Everyone works together to make the Town run smoothly. A big thank you to all. Alan Krauss, Maintenance Superintendent, retired and we were sad to see him go. We will all miss our Town Hall relic, Mike Priore, who passed away in July, 2010.

I appreciate the continued support of the residents.

God Bless America!

## HEALTH OFFICER

The duties and responsibilities of the local health officer can be quite broad. The duties that I performed during the past year include witnessing test pits associated with subsurface disposal systems, reviewing and approving subsurface disposal system plans before their submission to the State, verifying the condition of the bed bottom of subsurface disposal systems at start of construction, and verifying that the subsurface disposal systems installed are in compliance with the approved designs before being backfilled. In addition I have also performed inspections on childcare facilities, foster care facilities, and for occupancy permits for new residential dwellings and businesses. I have also reviewed and approved the location of wells prior to issuing drilling permits and reviewed associated water quality tests. I reviewed and monitored the mosquito control program within the town and responded to complaints concerning health related issues, investigating and documenting as necessary. When warranted, I pursue violations of Town and State health regulations, with the goal of bringing the situations into compliance.

Below are Health Department statistics for the year 2010.

Test Pits Witnessed .....	36	Failed Systems/New Designs .....	20
Subsurface Designs:		In Kind System Repairs .....	6
Initial Design .....	3	Bed Bottom Inspections .....	32
As-built .....	4	Backfill Approvals .....	33

## HIGHWAY DEPARTMENT

I'm happy to report that 2010 saw some real progress in our attempt to meet the goals set by the 2006 Hazard Mitigation Study. We expect at any time to receive word that the Governor's Council has approved award of Federal Emergency Management Agency funds that will allow construction of new culverts on Great Pond Road and Ball Road. The proposed new culverts are engineered to mitigate the affects of flood events such as those experienced in May of 2006 and in March of 2010. Following construction the dangers, damage, inconvenience and expense experienced by our residents during those events should be far less likely to recur during future flooding. The two project grants will provide nearly a half million dollars in funding. We hope to be able to take advantage of the Ball Road project to straighten part of that roadway. I'd like to thank our engineers - CMA Engineering of Manchester - and the state Homeland Security and Emergency Management Office for their assistance with these grant applications.

Another culvert project that we've begun planning is on North Road near the Danville town line. That road needed to be closed both in 2006 and in 2010, and flooding of surrounding properties was substantial.

We continue to plan the design and construction of a new Highway Garage. The present garage is inadequate to the town's needs and is unable to house the amount of equipment and vehicles necessary. The office area is unsafe and, again, inadequate to the needs of the department. We hope to finalize plans in 2011 to get the new building underway.

We instituted a new program in 2010 allowing residents to bring yard brush and grass clippings to the highway garage on the first Monday of each month from spring through fall. We'll continue the program if there appears to be sufficient need.

Various mid-sized projects to keep town buildings in good repair were undertaken and completed during 2010. We investigated the purchase of a generator for the Town Hall that will maintain power in that building during outages and allow its continuing use during emergencies. The necessity of the generator is another of the goals set in the Hazard Mitigation Study.

I want to again thank the excellent staff of the Highway Department for their hard work and dedication. Kingston enjoys one of the best cared for road systems in the state and Kingston's buildings, heavy equipment and vehicles are in good hands with this department's employees. I'd also like to mention that Alan Krauss, Maintenance Supervisor for Building and Grounds, retired during 2010 after many years of service to the Town. We wish him a long and happy retirement.

Thank you for the privilege of serving you. I'm looking forward to another productive year for Kingston and for the Highway Department

## HUMAN SERVICES

This year was a sad one for the Human Services Department. Michael Priore, Director, passed away in July. Mike was appointed Welfare Officer in 1987, and served in that position for 23 years. During his tenure, he also volunteered and served with other Social Service agencies and on the Boards of Directors of several agencies. He received accolades throughout the State and was elected President of the N. H. Local Welfare Administrators Association. Prior to his official appointment as Welfare Officer, he started in 1982 to raise donations to establish a Food Pantry, and advised other towns about how they could start their own pantries. Mike had a genuine concern for Kingston's residents and worked tirelessly on their behalf. He served his community well and we were lucky to have him.

There was tremendous need for assistance with food and toys this holiday season, and Kingston residents once again showed their compassion and generosity, with an outpouring of donations that was nothing less than heartwarming. Sincere thanks to all for your support, and special thanks to Sue Phillips, Karyn Maxwell, Vivian St. Hilaire, Dan Sweet, Rick's at Pondview, Rick's Café and Grille, Kingston Volunteer Firemen's Association, and the Kingston Fire Department.

The Food Pantry is maintained solely by donations and helps residents throughout the year. Needs are updated monthly and can be found on the town's website at [www.kingstonnh.org](http://www.kingstonnh.org). This report offers an opportunity to publicly thank those who provide support, and those thanks go out also to the many anonymous donors who contribute throughout the year.

# BOARD AND COMMITTEE REPORTS

## BOARD OF SELECTMEN

The Board has worked hard this year and, with the help of our Department Heads and the cooperation of all of our town employees, we were able to reduce the town's portion of the tax rate for the second year in a row. We recognize that the present economic environment makes payment of property taxes a particularly heavy burden, and we will continue to do what we can to reduce municipal costs while maintaining present levels of service.

We continue to hope that we will achieve the 2/3 vote necessary to allow establishment of a municipal water utility. The article is being presented to the Town Meeting this year by citizens' petition. The Selectmen are restricted from presenting that particular article in consecutive years if it fails to pass. Status as a recognized water utility is the only means by which the Town can participate in decisions relating to the drawdown of water from beyond town borders or by companies, developers or other entities that apply to the state Public Utilities Commission for drawing rights. The town's aquifer and ground water resources are among its most valuable assets and deserve all of the protections that we legally can apply.

Another of Kingston's assets - unique among the towns in New Hampshire - is our infrastructure improvement fund. We have been using the income from that fund to accomplish the goals set by the 2005 Hazard Mitigation plan, by funding the bridge and culvert replacement projects that will greatly mitigate flood damage during future events. Once those projects all are underway, it has been our intention that other facilities that need to be replaced or expanded will be prioritized. The fund allows for major infrastructure improvements without burdening taxpayers with large tax increases and we think we are administering the income of that fund prudently on behalf of our taxpayers.

As always, we as a board owe a great debt to the volunteers who help to keep town government functioning at an effective level and to the other elected officials whose hard work keeps things running smoothly. Additionally, we recognize the efforts of our employees and department heads who conscientiously attend to the day to day services provided by the Town.

We welcome input from our residents. Let us know how you think we're doing and how you think the town might be improved. We know that we're here to serve and it's our pleasure to make town government as responsive to your needs as possible.

Respectfully submitted,

*Mark A. Heitz*

## CONSERVATION COMMISSION

The Conservation Commission is the only local board charged specifically with protecting the natural resources of the town. The Board provides advice to other town boards and committees regarding development as it impacts wetlands, shorelines and the aquifer. Other activities of the Conservation Commission include the monitoring of the five properties acquired during the 1980's under the Land Conservation Investment Program (LCIP), and monitoring of the five town forests. 2010 marks the 19<sup>th</sup> year of Kingston Lake water sampling, accomplished in partnership with the N. H. Department of Environmental Services. We are in discussion at present with residents of Country Pond about the sampling of that water.

Brian Quinlan, long time member of the Conservation Commission and our Chairman for the past several years, unexpectedly passed away this past winter. His presence on the Commission and his dedication to our goals are greatly missed. One of the projects that Brian and fellow member Bruce Cliff were working on was an updating of the trail system in the Valley Lane Forest. On Earth Day last spring, employees of Timberland Company performed a service project that included creation of a detailed trail map, brushing out of the trails, construction of six foot bridges, and construction of a kiosk. Volunteers from the town helped with the project, and Timberland provided all of the building materials. A memorial bridge overlooking a seasonal waterfall on the Red Trail has been dedicated to the memory of Brian, and a memorial plaque has been installed at the site.

Commission members have been working with the Planning Board and with FOKOS to include a section on Open Space in the town's Master Plan. Additionally, the \$10,000.00 grant from the Wharton Trust, originally accepted for the Tucker property's purchase, now will be used for its long-term maintenance and protection.

The Commission has full membership. Our members are Alicia Robinson - Chair and Representative to the Southeast Watershed Alliance; Paul Blais - Treasurer; Marghi Bean - Secretary; Dave Ingalls - Forest Project Manager and Water Sampling Coordinator for Great Pond; Bruce Cliff - Trail Master; Carol Croteau - Exeter River Council Representative; Evelyn Nathan - Country Pond Water Sampling Coordinator; and alternate Richard St. Hilaire - Planning Board Representative. We meet monthly. Notices of our meetings are posted at the Town Hall and Post Office, and on the town's website calendar. Meetings are open to the public and input is welcome. Volunteers are always needed.

## HISTORIC DISTRICT COMMISSION

Two Historic Districts were established by the citizens of the Town in 1972 for "the purpose of preserving the historical and architectural heritage of the Town of Kingston." The members of the Historic District Commission take their responsibility of "safeguarding the heritage of the town as it is represented in structures of historical and architectural value located in the Historic Districts" seriously and with all good intentions of fairly executing the ordinances and regulations as applications are processed.

In 2010, there were 9 approved applications - 7 for changes or additions to buildings/homes and 2 for demolition of irreparable barns. A big disappointment was the loss of Gilmore Cottage to a planned burn when no buyer could be found to remove the house from the SRSD property. Members attended regional planning conferences to keep current with laws, procedures and issues. Members also participated in hearings by the Planning Board and the ZBA concerning issues related to the town's Historic District Ordinances.

Much of our meeting time was consumed working with Hannaford/Konover designing signage, lighting and architectural features for the proposed Hannaford supermarket at the gateway lot to HD1. Our goal was to create a building and landscape that would blend in with the character of the district. On April 1, Hannaford Bros. withdrew their application and the focus of our meetings shifted to ways to promote our two historic districts.

The first project was to create a brochure for Kingston Days - a Kingston Historic District Walking Tour. This brochure was designed to educate any participant about the historic homes along Main Street, highlighting their architectural features and key historical facts. At the culmination of the 3-day event, 250 brochures had been distributed and more were published. They are now available at the Town Hall and Public Library. Plans are being made to expand the walking tour to include open houses at specific homes along the designated route at the 2011 Kingston Days celebration. Also, in anticipation of Kingston's 325th birthday celebration, the HDC is making date plates for colonial homes. These are being offered to any homeowner for a donation of \$5. A sample is available at the selectman's office.

HDC meetings are held on the second Tuesday of each month at 7:00 pm in the Town Hall. All meetings are noticed in the Town Hall and Post Office. The public is always welcome. Minutes of all meetings are on record in the Town Clerk's office; application approvals and denials are recorded with the Selectmen. Applications may be obtained from the Selectmen's office or the Chair and must be submitted to the HDC for review. The Ordinances and Regulations regulating the Historic District, as well as the Phase I Design Guidelines, are available on line at the Town of Kingston website.

## PLANNING BOARD

The Planning Board of 2010 had a very good year.

We had only one large project come in, which was the approval of condominiums on the Granite Fields Golf Course. This was a project that was approved by the voters in March, 2010 when zoning was changed to allow it.

The Planning Board spent a lot of time working on Ordinance revisions this year. We have been reading all of our rules and regulations to make them user friendly. The content has been re-organized and re-written when necessary to make the application process easier to understand. Our procedures have been revised to shorten the amount of time an applicant needs to spend before the Board. The Board's intent is to streamline the process for the benefit of both the applicant and the town.

Issues have arisen in the past due to "multi-zoned" lots, which are lots designated by more than one zone. These lots have caused problems by making rules and regulations difficult for Inspectors to interpret. The Planning Board spent time reviewing the property maps and have made an attempt to designate a single zone for each lot, with the exception of Natural Resource overlays such as the Aquifer Protection Zone. The proposed changes to the zoning of these multi-zoned lots will appear on the 2011 ballot.

The Board has worked with Town Engineer Dennis Quintal and Road Agent Richard St. Hilaire to change and complete bonding issues and better protect the town in the future.

In closing, I'd like to thank Ellen Faulconer, the Board's Administrative Assistant, and Glenn Greenwood, Circuit Rider/Planner, for their support and hard work. I also extend my thanks to the Planning Board members: Jay Alberts, Marilyn Bartlett, Glenn Coppelman, Ernie Landry, Dan Mastroianni, Adam Pope, and Richard St. Hilaire. Our Board continues to have very high attendance and dedicated participation, with each member working to come to a common resolution for the benefit of Kingston.

Respectfully submitted,

*Richard G. Wilson*

## RECREATION COMMISSION

The Recreation Commission would like to take this opportunity to thank all the Volunteers who helped out throughout the year with all the projects and activities. Volunteers include Church and School groups, Town Departments, citizen volunteers, as well as the "Friends of the Kingston Recreation" who provided monetary support.

During 2010, the Recreation Commission began a membership recruitment drive, and several interested and active citizens have joined our membership. We are always happy to have citizens of all ages get involved. You can help the Recreation Commission by contacting the Selectmen's Office and volunteering.

In 2010, we began the renovation project at the former "Newburyport YWCA" camp, on Main Street. This camp consists of over 200 feet of waterfront property on Kingston Lake (Great Pond) and a 40 foot wide by 90 foot long building. Renovations in the main hall have been done, and this summer (2011), we plan to have our summer camp there. Additional renovations on the kitchen and rest rooms are planned for 2011.

The annual activities for 2010 included the Easter Egg Hunt, Summer Camp, Pumpkin Lighting on the Plains, Christmas tree lighting and chorales at the Bandstand, Senior luncheons, and Senior bus trips, as well as supporting activities at the Kingston Days Celebration.

The Kingston Recreation is always open to new volunteers and new ideas. With the help of our new members, and continued support of our citizen volunteers, we look forward to a wonderful 2011.

Respectfully submitted

## IN MEMORIAM

Kingston lost several treasured residents this year, some of whom had been a part of town government and had a profound affect on the history and future of the town.

Michael Priore passed away in July. Mike had served as a Selectman and continued to serve the town for many years as its Human Services Director. It was Mike who established the Food Pantry that still operates in the Town Hall, and he worked tirelessly for the holiday programs to help the less fortunate. Mike was at work every day right up until a couple of months before his passing, still sharp as a tack and still with a gleam in his eye. He will be greatly missed.

Brian Quinlan passed away suddenly in March. He had been serving the town as its Conservation Commission Chairman and was instrumental in establishing the Town Forests and in directing the acquisition of many acres of protected conservation land. The benefits accrued from Brian's efforts and those of his fellow commission members will be enjoyed by residents of Kingston in perpetuity.

Kenneth Briggs, Jr. also passed away in March. Ken had served as Kingston's Town Engineer for many years. He wouldn't accept compensation for his services, although as a Licensed Land Surveyor and Civil Engineer his advice, guidance and expertise were absolutely invaluable. Many of the standards by which development proceeds in Kingston were set with Mr. Briggs' input and the character of the town is in large part defined by his efforts.

Every community has those who contribute beyond the usual level and every community grows to depend upon those contributions. Kingston has been particularly blessed in having people of extraordinary talent and generosity that have shared their skills enthusiastically and diligently. We celebrate the lives of these outstanding citizens and will forever be grateful for the legacies they left with our town.
