ADDITIONAL ARCHITECTURAL AND STRUCTURAL DESCRIPTION:
The Clements House is a 1½-story Greek Revival Cape style structure with two prominent wall dormers. The center entry door has six panels and one light. All windows are two-over-one. The medium-pitched roof is topped by a corbel-capped chimney, and the cornice treatment consists of projecting eaves with exposed rafters.

RELATED STRUCTURES AND CONTEXT: The attached, new, split-level garage has jerkinhead roof with projecting eaves, novelty siding, two-over-two windows, and a vertical-board door.

STATEMENT OF SIGNIFICANCE (Evaluation & Historical Associations):

The T. Davis House was altered in the first half of this century by the shed roof projection which breaks the eaves line and disrupts the symmetry of the facade.

Map Data: 1856: T. Davis
1892: Mrs. D. I. Goodwin
