ADDITIONAL ARCHITECTURAL AND STRUCTURAL DESCRIPTION:
The Killam house is a 2½ story, 5X2 bay, Federal style structure. The center entry has a 6 panelled door framed by half length sidelights. Flanking the door are narrow pilasters which rise to a partial entablature. All of the windows have nine over six and six over six sash framed by molded surrounds. The low pitch roof is topped by a tall narrow corbel-capped chimney and the eaves treatment consists of a boxed cornice with a narrow frieze and slight gable end returns. The main block is framed by panelled pilasters. The house rests on a granite slab foundation.

The 2 story, gable roofed ell has clapboard siding, six over six and nine over six windows, a tall, corbel capped chimney, and rests on a granite slab foundation. The 2 story, hip roofed ell has clapboard siding, six over six windows and rests on a fieldstone foundation. Projecting to the northwest from one of the ells is a 1 story, shed roofed wing with a 1 story shed attached to its west elevation.

To the northwest of the house is an attached 1 story garage with a 1 story, shed-roofed open porch on its front facade.

RELATED STRUCTURES AND CONTEXT:

BOUNDARY AND ACREAGE DESCRIPTION: 6.5 Acres. Bounded on the N. by land of the Dave Emersons, S. by North Danville Road, E. by Towle, W. by Dave Emerson and the Perkins.
